^{*}The block tuition rate is for 12-15 credits. You will pay additional tuition for any credits over 15

¹ If you plan to attend graduate or professional school you will want to complete the CHM 241/242 sequence.

² Biology majors must take 13 additional credits of BIO Electives at the 200 level or higher, for a total of 38 Biology credits. At least 3 credits must be at the 300-400 level. You must have at least ONE animal biology course and ONE plant biology course. See reverse for options.

³ Choose one of the following to complete the math cognate for the major: MTH 125: Survey of Calculus, MTH 201: Calculus, or STA 215: Introductory Applied Statistics.

⁴ MTH 122/123 are prerequisites for PHY 220 and are not part of the Biology major. If a student chooses to take PHY 200, MTH 123 does not need to be completed. PHY 221 is not required but students planning to attend graduate school, professional school, or to pursue secondary teacher certification should complete the PHY 220/221 sequence. *To take the Math Proficiency Tests for MTH 122 and/or 123 online, visit this link: gvsu.edu/s/jk*

⁵ Elective refers to any course that will help you earn the required 120 credits to graduate.

⁶ Students must complete a total of two courses with an SWS attribute.

Declaring the Biology-General Major:

- 1. In myBanner, select "Student" > "Student Records" > "Change Major" > "Change Major 1/Program"
- 2. Choose "Biology-BA or BS" from the drop-down box.
- 3. Click "Submit" and then "Change to New Program"
- 4. Declare "Pre-Med" as your SECOND MAJOR if you are planning on medical, dental, pharmacy, or optometry school. →If you are Pre-Veterinary, the **Biology with Pre-Veterinary emphasis** is recommended

General Education Overlap

General Education Categories fulfilled by the Biology major:		
Life Science and Physical Science: BIO 120 and CHM 115 (both fulfill lab requirement)		
Mathematical Sciences: STA 215, MTH 122, MTH 123, MTH 201		

Pre-Professional Students

(Pre-Chiropractic, Pre-Dental, Pre-Medical, Pre-Optometry, Pre-Pharmacy, Pre-Podiatry, & Pre-Veterinary) Keep in mind that you may major in anything so long as you complete the pre-requisites for your professional program.

The AAMC has approved changes to the MCAT exam starting in March 2015 that will add emphasis on the social and behavioral sciences, scientific inquiry and reasoning skills, and introductory biochemistry.
