BIOLOGY-BA OR BS-PRE-VETERINARY

The BA degree requires 3rd semester proficiency in a foreign language (201 level).

THIS IS A GENERAL CURRICULUM GUIDE AND IS NOT APPLICABLE TO EVERY STUDENT. IT IS IMPORTANT TO MEET WITH YOUR ADVISOR.

Year One				
BIO 121* General Biology II			1 (6)	
Prerequisite: MTH 110 (may be taken concurrently)	4 (6)	BIO 120* General Biology I (GE Life Science) Prerequisites: High school chemistry, CHM 109, or CHM	4 (6)	
CHM 115 Principles of Chemistry I (GE Physical Science)	4 (6)	115 strongly recommended (CHM 109 or 115 may be		
Prerequisites: High school chemistry and (MTH 110 or	4 (6)	taken concurrently)		
MTH 122 or MTH 125 or MTH 201)		CHM 116 Principles of Chemistry II	5 <i>(7)</i>	
¹ MTH 122 College Algebra	3	Prerequisites: CHM 115 and (MTH 122 or MTH 125 or MTH	3 (7)	
Prerequisite: MTH 110 or assignment through Grand	3	201)		
Valley math placement		³ WRT 130 or WRT 150 Strategies in Writing (GE Writing)	3-4	
Gen Ed (GE Art) or ³ WRT 120 (self-placement)	3	Gen Ed	3	
² Elective	1	Gen Eu	3	
	1			
*It is strongly recommended that BIO majors take BIO				
121 before BIO 120.				
Numbers noted within (parentheses) are contact hours Total	15	Total	15-16**	
		Two		
BIO 215 Ecology (summer and fall only)	4 (6)	BIO 210 Evolutionary Biology	3	
Prerequisites: BIO 121		Prerequisites: BIO 120 and BIO 121		
CHM 241 Organic Chemistry for Life Sciences I	5 <i>(7)</i>	CHM 242 Organic Chemistry for Life Sciences II	4 (6)	
Prerequisite: CHM 116	_	Prerequisite: CHM 241		
¹ MTH 123 Trigonometry	3	⁵ BIO Elective	1-3	
Prerequisite: MTH 122 or assignment through Grand Valley		Gen Ed (GE Historical Analysis)	3	
math placement (MTH 122 may be taken concurrently)		⁴ MTH Cognate Course (GE Math)	3-4	
Gen Ed (GE Philosophy & Literature)	3

^{**}The block tuition rate is for 12-15 credits. You will pay additional tuition for any credits over 15.

To take the Math Proficiency Tests for MTH 122 and/or 123 online, visit this link: gvsu.edu/s/mv

¹ Students must demonstrate competency in college algebra and trigonometry as a prerequisite to veterinary school admission. Consult with your advisor regarding the math requirements for Veterinary school and the Biology major to determine the appropriate courses to take.

² Students must have a **minimum of 120 credits** to graduate with **58 of the 120 credits** being from a senior level institution and the **final 30 of the 120 credits** completed at GVSU. Elective refers to any course that will help meet these requirements.

³Students will not need to take WRT 150 if they have earned credit for the course through AP/Dual Enrollment. A grade of C or better is required in WRT 130 or 150 in order to satisfy the WRT requirement at GVSU.

⁴ Choose one of the following to complete the math cognate for the major: MTH 125: Survey of Calculus, MTH 201: Calculus, or STA 215: Introductory Applied Statistics. Students who don't place into MTH 201 should take MTH 124 as a prerequisite instead of MTH 122+123.

⁵Students must complete a minimum of 41 credits of Biology coursework. If students still do not have 41 credits of Biology coursework after completing both the Biology core requirements (above) and the requirements for their chosen emphasis (below), they should select additional Biology courses from the elective categories, BIO Issues courses, credits in research (BIO 499), or internship credit (BIO 490). Students should consult with a Biology advisor prior to selecting elective courses.

⁶ Students must complete a total of two courses with an SWS attribute.

Declaring the Biology-Pre-Veterinary Medicine Major:

Category I: Plant Organismal Biology

BIO 355 - Human Genetics (3)

Biology degree, but not both

Note: students may count BIO 357 or BMS 212/213 towards the

- 1. In myBanner, select "Student" > "Student Records" > "Change Major" > "Change Major 1/Program"
- 2. Choose "Biology-BA or Biology-BS Preveterinary Medicine" from the drop-down box.
- 3. Click "Submit" and then "Change to New Program"

General Education Categories fulfilled by the Biology major:		
Life Science and Physical Science: BIO 120 and CHM 115 (both fulfill lab requirement)		
Mathematical Sciences: STA 215, MTH 122, MTH 123, MTH 201		

Students must complete one course from Categories I and II.

Category II: Animal Organismal Biology

The BIO-PREVET major requires a total of **41 credits** of BIO classes, including certain CMB and BMS courses. Elective courses may only count in one category. **Classes marked with a * are recommended for Prevet students.**
