

# GVSU Sustainable Agriculture Project

## Community Supported Agriculture

### Summer/Fall 2014 Share Request Form

#### August 27 – November 5

The summer/fall share will be a mix of cold season and warm season crops over 11 weeks. Shareholders can expect to receive a mix of the following – spinach, leaf lettuce, scallions, turnips, kale, carrots, tomatoes, peppers, squash, beans, corn, cucumbers, and a variety of others.

If you purchase a share for the entire season you have two options:

- \$220 with weekly pick-up at the Farmer's Market (delivery included after Market closes for the year)
- \$250 with weekly delivery on the Allendale campus included

If you sign up for a CSA share after the season begins the weekly cost will be:

- \$23 per week for Farmer's Market pick-up (delivery included after Farm Market season closes)
- \$25 per week, including delivery each week on the Allendale campus

**Note:** Produce pick up at the Farmer's Market (parking lot G) September 3–24, 10:00 a.m. - 1:00 p.m.

**If you would like to purchase a share, please complete the information below.**

Name \_\_\_\_\_

Phone \_\_\_\_\_ E-mail \_\_\_\_\_

Delivery? ☐ Yes ☐ No Delivery Location \_\_\_\_\_

- ☐ Full Share with weekly pickup (\$220)

- ☐ Weekly Share with pick up beginning \_\_\_\_\_  
Number of weeks \_\_\_\_\_ X \$23.00 per week = \_\_\_\_\_ amount due
- ☐ Weekly Share with delivery on the Allendale campus beginning \_\_\_\_\_  
Number of weeks \_\_\_\_\_ X \$25.00 per week = \_\_\_\_\_ amount due

**Please send completed form and payment to:**

Sustainable Agriculture Project  
Office of Sustainability Practices  
1 Campus Drive - 224 Lake Ontario Hall  
Allendale, MI 49401

**If you have any questions, please contact the office at 331-7366**

**Farm Description:**

The GVSU Sustainable Agriculture Project is a 1-acre market garden located just south of the GVSU Allendale Campus on Luce Street. It is run by one staff member and a handful of motivated student interns. The project serves as a platform for education and research on food systems, experiential education, service-learning, and food justice.

SAP is an educational market garden which means that through purchasing a share of the garden, you participate in the restoration of land, educating students, and supporting a local alternative food system. This allows SAP to pursue a goal of sustainable agriculture. In turn, you receive healthy organic food and participate in a food system that practices good stewardship of our land resource.

On occasion, due to seasonal changes in harvests, you will receive a slightly different assortment of vegetables, but your weekly share will always be fresh and the best that we can provide for that week. If you are unhappy with your share or with your experience please let us know. We appreciate your support and your feedback. We want this to be a mutually enriching experience!

All CSA members are invited to participate in Friday afternoon volunteer hours, from 1:00-4:00 at the farm.

Thanks for your support,

The SAP Team
