MISSION & VISION

Our Mission

The Milton E. Ford LGBT Resource Center advocates for institutional equity, promotes community-building, and provides educational opportunities to create an informed, cohesive, and just campus where community members of diverse sexual orientations, gender identities, and gender presentations are supported and welcome.

Our Vision

The Milton E. Ford LGBT Resource Center collaborates with campus and community partners to create an inclusive and equitable environment where all are empowered to be their authentic selves. Our advocacy work advances GVSU's commitment to a campus climate that celebrates and engages people of all gender identities, gender presentations, and sexual orientations. Using an intersectional framework, the Center promotes a more equitable campus, region, and world that values social justice and centers the needs of the most vulnerable people.

OUR TEAM

DL McKinney: Director *(they/them)*

D.L. is a Detroit native turned GVSU “Laker for a Lifetime” Grand Rapids resident. They serve as support to QTPOC folks as a member of various West Michigan community committees focusing on wellness, homelessness, equity, and social change. D.L. continues to work from a lens of racial and social justice to support individuals and communities in building their capacity to challenge internal and external systems of oppression to create sustainable change.

DeAn Hollowell: Assistant Director *(they/them)*

DeAn is dreaming of a better world where collective liberation is realized. A GVSU alum with a desire to amplify the voices of the marginalized, and dedication of translating theory into practice, they look forward to supporting the LGBTQIA+ community at GVSU, and all people seeking to live out their truths. They hope you know you matter. DeAn runs Center programming and supervises student facilitators for the Center’s evening clubs.

Joey Grubbs-Hulst: Center Assistant *(she/her)*

Joey is passionate about creating an equitable society for all LGBTQIA+ people. With a bachelor’s degree in Environmental Studies and a minor in Sociology, her career experience has been in Refugee and Immigrant Services. Joey is a friendly face in the Center who keeps the space cozy and resource-full, and she supervises front desk student employees.

Available through public sign-up or by request.

Over 100 student-athletes for Sea of Change and over 175 students attended QT 101 for various classroom sessions.
