

BACHELOR'S DEGREE PROGRAM INFORMATION

Institution	Grand Valley State University
Degree/Program	Exercise Science
Credits Required	120

MICHIGAN TRANSFER AGREEMENT (MTA)

The MiTransfer Pathways builds on the Michigan Transfer Agreement (MTA). The MTA allows transfer students to select designated courses to complete a minimum of 30 credit hours fulfilling MTA distribution requirements. Students following MiTransfer Pathway agreements should complete the MTA in accordance with the sending institutions' course designations and consider whether any recommended MiTransfer Pathways major-specific courses will "double count" to fulfill MTA distribution requirements in planning their transfer. More information about the MTA is available at www.mittransfer.org.

The MTA Mathematics distribution area allows students to complete one of three math pathways. The Exercise Science MiTransfer Pathways faculty recommended that students complete a course in the Pathway to Calculus. Designate the required mathematics course(s) in your program below. Add lines as necessary.

Mathematics Requirement(s)	Subject/ Course Number	Course Title	Credit Hrs
Click or tap here to enter text.	STA 215	Introductory Applied Statistics	3

ADVISING NOTES

Please indicate any advising notes for students following this transfer pathway at your institution.

- Upon transfer to GVSU, students will need to choose from one of the three following emphasis areas for the Exercise Science major: Health Care, Physical Activity and Health, or Exercise Physiology and Sport Performance. More information on these three emphases can be found on the [Movement Science website](#).
