

EXPLORING THE ROLE OF MYCORRHIZAL ASSOCIATIONS IN SHRUBIFICATION

Lisa C. Pilkinton - PhD Student

Supervisory Team:

Dr Claudia Colesie,

Dr Lorna Street,

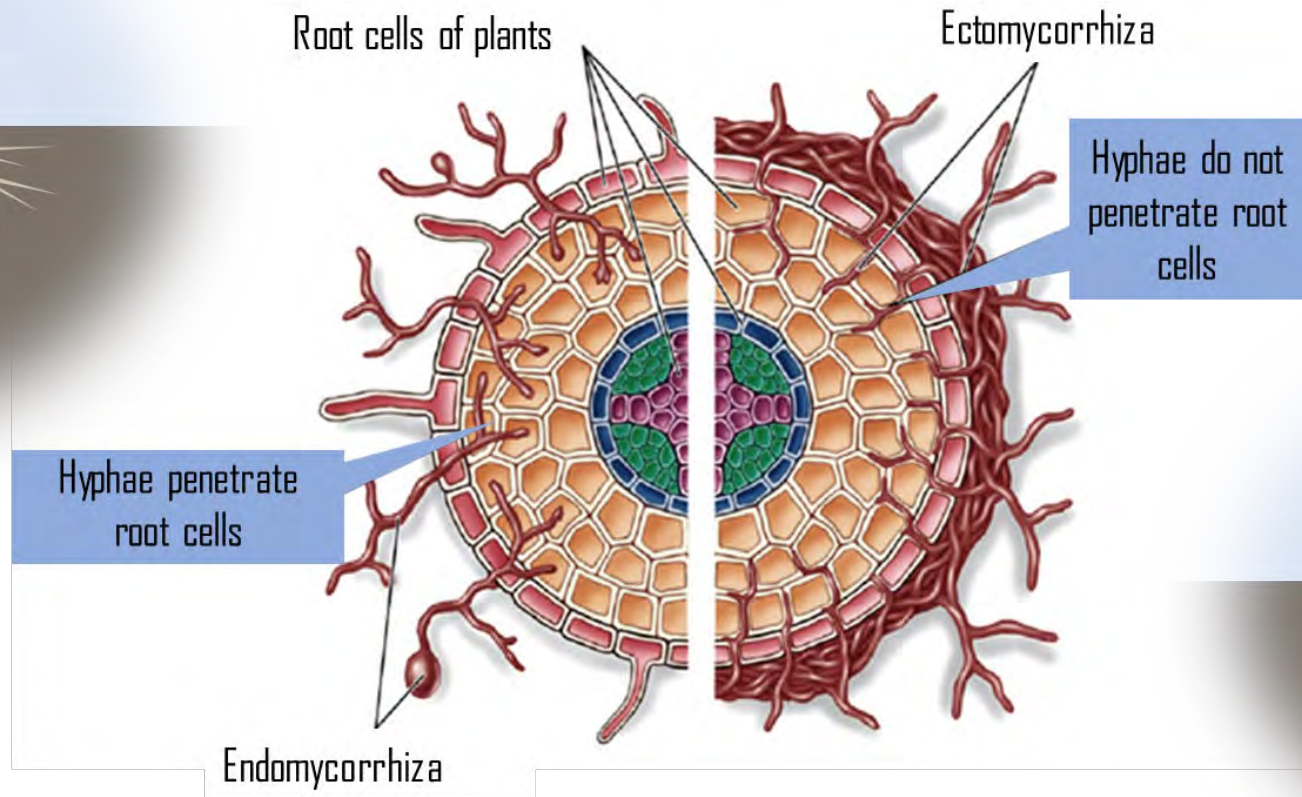

Dr Kevin Newsham,

Professor Isla Myers-Smith

Can we use the mycorrhizal status of plants to understand winner and loser species in shrubification?

-  Cassiope
-  Empetrum
-  Vaccinium

-  Dryas
-  Betula
-  Salix
