

YOUR NEXT MISSION: COMPLETE YOUR DEGREE

ONLINE ACCELERATED BACHELOR'S DEGREE FOR VETERANS AND ADULT STUDENTS

gvsu.edu/vetcomplete

Grand Valley State University's accelerated degree completion program for veterans and adult students delivers an integrative studies bachelor's degree plus a certificate in one of four skills that employers are asking for by name: leadership, data analytics, project management, and intercultural communications. The certificates are integrated into your bachelor's degree, so you get more value without more time or cost. They may also be completed separately.

The degree is almost entirely online, requiring just two in-person, on-campus Saturday visits at any of our locations: Grand Rapids, Holland, Traverse City, or Detroit.

Veteran Support and Resources

- Dedicated Military and Veterans Resource Center
- Veteran-inclusive university recognized as being in the top 15 percent of all schools in the nation in Best for Vets category
- Peer Advising Veterans Education (PAVE) program
- Laker Military Resource Center lounges.

Format

- Six-week accelerated online classes
- Face-to-face immersion experiences required on two Saturdays at a campus most convenient for you (Holland, Detroit, Grand Rapids, Traverse City).

Admissions Criteria and Requirements

- 30 college credits (exemptions may be made for military service)
- 2.5 GPA (exceptions will be made on a case-by-case basis for those demonstrating potential for academic success in other ways such as military service and achievements)
- \$30 application fee waived for military-connected students
- Joint Service Transcripts.

Admissions Timeline

- Choose from six start dates a year.

Cost

- \$500 per credit hour with no additional course fees

- Try it, like it, your next class is free! After the completion of your first course, we will reimburse you for the cost of a future one in the program
- GI Bill certification available through veteran support and resources.

Certificate Options

Embed the certificates listed below or complete any of them separately:

- Certificate in applied data analytics
- Certificate in leadership
- Certificate in intercultural communications
- Certificate in project management.
