

2024

Quick Start Guide

Getting acquainted

Hello!

Welcome to your new Priority Health plan.

Excited to master the details of your new health plan? So are we. And we're ready to help. Since this marks the beginning of your 2024 health benefits, we put together the following information to help you organize and optimize all that your plan has to offer.

About this guide

Having a health plan is important. Understanding your plan, its details, terms and ways to get started using it is equally important. We hope you find this quick start guide useful in setting up, understanding and engaging with your Priority Health benefits.

Setting up your plan

Create your member account and download the Priority Health app.

First things first: Set yourself up for health plan success by setting up your member account online or in the app.

It's THE place to manage—and take advantage—of your health plan. Anytime. Anywhere.

After setup and activation, you can use your member account to:

Learn more about your plan

Find and choose a doctor

Access many of your plan benefits

Find costs for procedures and prescriptions

Reference important plan documents

Ready to set up your member account?

Go to

priorityhealth.com/24gen/ohmp

to get started.

Understanding your plan

How to find cost and coverage information

Cost and coverage go hand in hand, which is why the **Coverage Check** tool in your member account is so useful. Coverage Check makes it easy to search for which prescriptions, as well as procedures and providers, are covered under your plan and shows you a cost estimate so you can compare prices.

Besides confirming cost and coverage information, you can also find all the details of your plan—including deductibles and copays, recent claim activity and spending to date.

Stay in network and save

Your plan includes a network of providers and facilities to provide high-quality care at a lower price. In short, staying in your plan's network saves you money on visits and procedures. If you'd like to learn more about in-network care, go to priorityhealth.com/member/in-network.

Prior authorizations

If you're planning to schedule a medical procedure or health-related service, a prior authorization may be required.

1

You can access the list of procedures by choosing the **Find care** tab from the drop-down menu located at the top of the page in your member account.

2

If your service requires a prior authorization, have your provider submit a prior authorization form to us.

Go to

priorityhealth.com/24gen/phmp

to learn more about
prior authorizations.

Preventing illness and conditions

How to take advantage of no-cost preventive care

Did you know your plan offers free routine care, including an annual physical and well child visits, as well as most vaccinations and screenings? It's called preventive care, and it's the best way to prevent problems before they start.

While some chronic conditions are unavoidable, many can be managed or prevented with early intervention, like preventive care visits. With seven out of 10 deaths in the United States attributable to chronic disease, early detection and treatment aren't just important; they're potentially lifesaving.¹

Go to
priorityhealth.com/preventive/24gen
to learn more about
your no-cost preventive
care benefits.

Using virtual care

Use virtual care whenever, wherever you need it

There's never a good time to get sick. But with your virtual care benefit, there's always time to get care. Your virtual care benefit connects you with a provider or therapist over the phone, through video chat or by submitting an online questionnaire. Depending on your condition and the type of virtual care you choose, a provider can:

- ✓ Develop a treatment plan.
- ✓ Prescribe a medication and send it to your preferred pharmacy.
- ✓ Notify your primary care doctor with current information.
- ✓ Make follow-up recommendations, including next steps with a specialist.
- ✓ Provide behavioral health services and support.

Go to priorityhealth.com/vc/24gen to learn more about using virtual care.

Virtual care is your affordable option for nonemergency needs. ER and urgent care visits are often time-consuming and expensive. If you can't see your provider right away, use virtual care 24/7, including nights, weekends and holidays.

Choosing a doctor

How to view or change your in-network primary care provider

Because you are a new Priority Health member, your plan may require you to be assigned an in-network primary care provider (PCP) whom you'll visit for all your routine and preventive care needs. You can view your PCP by logging in to your member account.

If you'd like to choose a different PCP, our **Find a Doctor** tool allows you to search for doctors based on name, specialty, location or tier level to select the PCP who is right for you. If you find a new PCP you'd prefer to use, you can make the change right in your member account.

Go to
priorityhealth.com/findadoc/24gen
to find a doctor in your network.

Checking your Rx benefits

How to find important prescription coverage information²

We want you to know which prescriptions are covered and the best ways to get them filled. On our Rx 101 page, you'll learn all about Rx coverage through information, resources and actions you can take to get the most from your Rx benefit.

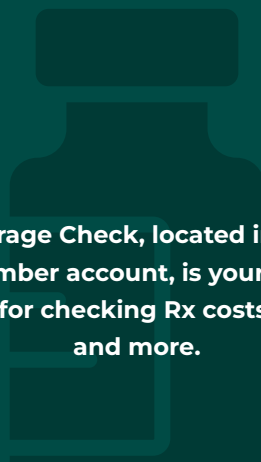

What is an Approved Drug List?

Sometimes referred to as a formulary, an Approved Drug List is a list of prescription drugs covered by your plan. Each carrier creates and administers its own unique Approved Drug List.

Are my prescriptions covered?

Go to priorityhealth.com/formulary to access the Approved Drug List and search your prescriptions to find out if they are covered.

Go to
priorityhealth.com/rx101/24gen
for more about your Rx coverage.

Coverage Check, located in your member account, is your first stop for checking Rx costs, tiers and more.

Staying your healthiest

How to support physical and mental well-being with your plan

Your health is important. And both your physical and mental well-being play a crucial role in your health. Good news: Your health plan makes getting and staying healthy more convenient than ever before. Take care of yourself by taking advantage of the following benefits that promote well-being:

Wellbeing Hub

Sign up for health and wellness education and challenges in your Wellbeing Hub. It's included in your plan, and it's a great way to improve everything from what you eat to how you sleep.

Sign up for the Wellbeing Hub in your member account.

Teladoc Health Mental Health (formerly myStrength)

Get guided mental health support through free access to Teladoc Health Mental Health—a leading online resource that helps you with topics including anxiety, stress, sleep and more.⁴ Read articles, watch videos or get one-on-one personal support to improve your mental well-being from your phone, tablet or computer.

Use your member ID number to sign up at priorityhealth.com/mentalhealth.

Active&Fit Direct™

For one low enrollment fee and an additional monthly charge, this program provides access to thousands of fitness centers and on-demand workout videos to help you get and stay active.⁴

Sign up in your member account.

TruHearing®

Your plan also promotes hearing health with discounts on the industry's top hearing aid technology, along with personalized guidance and assistance from a TruHearing consultant for you and your extended family. Know that you'll get better pricing and added support if or when you need help with your hearing.⁵

Call 844.806.7074 to get started, or go to priorityhealth.com/truhearing for more information on your hearing benefit.

Contacting us

How to reach the services included in your plan

Still have questions? That's OK. While we work to make your experience as seamless as possible, we know there are plan details that may require a phone call or message. That's why our customer service experts are ready to assist you. Here's how to reach them:

Call the number on the back of your Priority Health member ID card.

Log in to your member account and send us a message using your secure mailbox.

For mental health assistance, call our Behavioral Health team at 800.673.8043.

Customer Service hours

Monday–Thursday, 7:30 a.m.–7 p.m.
Eastern Time

Friday, 9 a.m.–5 p.m. Eastern Time

Saturday, 8:30 a.m.–noon
Eastern Time

You may also contact the following services directly:

Active&Fit Direct

Phone: 844.646.2746

Web: activeandfitdirect.com/contactus

Teladoc Health Mental Health (formerly myStrength)

Phone: 800.835.2362

Email: membersupport@teladochealth.com

Web: priorityhealth.com/mentalhealth

TruHearing

² Check your plan documents in your member account to confirm that you have pharmacy benefits included in your Priority Health plan.

³ Teladoc Health Mental Health (formerly myStrength) is available to Priority Health members ages 13 and up.

⁴ Participants must be 18 years of age and have a valid email address. Participants may pay by credit card and are charged in advance on a monthly basis using a recurring payment subscription. This is a per-member fee. Participants commit to three months of membership. If a participant chooses to cancel, they must provide a 30-day notice of cancellation. All payments are subject to tax, if applicable, based on the participant's location. Members are encouraged to enroll and pay their fees at the beginning of the month, as fees are charged on a per-calendar-month basis.

⁵ Some employers may offer hearing aid coverage through the Priority Health medical plan. To confirm whether you have hearing aid coverage, consult your plan documents or contact your HR department/benefits administrator. Note: you cannot bundle the TruHearing discounts with existing hearing aid coverage offered by your medical plan.
