Memorandum

TO: Quinten Proctor, Student Senate President

FROM: Jenny Hall-Jones, Vice President for Student Affairs

RE: Student Legal Services Legislation W-24-02

DATE: 9/13/2024

C: Valerie Guzman, Director of the Office of Student Life
Aaron Haight, Associate Vice President and Dean of Students

Thank you for your thoughtful legislation and research around the potential benefits in creating a legal service for students. After careful consideration, I do believe creating a task force would be helpful. In our next meeting, let's brainstorm together students, faculty and staff who can serve and develop the charge of the committee. Any new fee to students will have to be carefully assessed within the university budget planning and must have full support of students to move forward.

I look forward to working with you on this project! Please extend my gratitude to the senators who worked on this legislation.
