

ASSURANCE OF LEARNING
COMPLETING THE PROCESS

It is important to know if our students are reaching the highest possible level of understanding of course and program learning objectives. To reach that goal, we assess the level of understanding of those objectives, and in those cases where that understanding is not adequate, plan to improve the next outcome. This form will help to assess the data collected, attempt to interpret it and plan effective changes in course delivery or structure in future semesters. Please complete this form for each core course in order for us to internally document this process and provide a guide for similar problems in the future.
