¹Students who self-place into WRT 120 should take this course in the fall semester and then take WRT 130 in the winter semester of their first year. Students who self-place into WRT 150 can take it in either semester during their first year. Students will not need to take WRT 150 if they have earned credit for the course through AP/Dual Enrollment. A grade of C or better is required in WRT 130 or 150 in order to satisfy the WRT requirement at GVSU.

²Minor/elective- Students often have enough credits to select a minor to complement the major. Otherwise, students can select elective courses to reach the 120 credits for graduation.

³Students must have a minimum of 120 credits to graduate with 58 of the 120 credits being from a senior level institution and the final 30 of the 120 credits completed at GVSU. Elective refers to any course that will help meet these requirements.

⁴Students must complete two courses with an SWS attribute.

⁵Students who self-place into WRT 120 should take this course in the fall semester and then take WRT 130 in the winter semester of their first year. Students who self-place into WRT 150 can take it in either semester during their first year. Students will not need to take WRT 150 if they have earned credit for the course through AP/Dual Enrollment. A grade of C or better is required in WRT 130 or 150 in order to satisfy the WRT requirement at GVSU.

*The block tuition rate is for 12-15 credits. You will pay additional tuition for any credits over 15. A total of 120 credits is required to graduate. *A major GPA of 2.0 or higher is required.

*If you have received a minimum score of 3 on the Advanced Placement (AP) Test in Psychology, or have CLEP or Dual Enrollment credit for PSY 101 Introductory Psychology, you may take one 300-level (not PSY 300) course for which PSY 101 is the prerequisite during the <u>second semester</u> of your first year.

Degree Requirements

Psychology students can pursue a Bachelor of Arts or Bachelor of Science degree. Students who wish to obtain a BA must fulfill 3rd semester proficiency in a foreign language (201 level). The BS requirements are incorporated into the major requirements and include STA 215, PSY 300, and PSY 400.

Declaring the Psychology Major:

- 1. In myBanner, select "Student" > "Student Records" > "Change Major" > "Change Major 1/Program"
- 2. Choose "Psychology-BA" or "Psychology-BS" from the drop-down box.
- 3. Click "Submit" and then "Change to New Program"
