Dr. Anthony Chang
Founder and CEO

Dr. Anthony Chang is the founder and CEO of BAMF Health, the world's largest Theranostics center, headquartered in Grand Rapids, Michigan. With more than 20 years of experience as a scientist, researcher, and educator, Dr. Chang is revolutionizing the treatment of diseases like cancer, Alzheimer's Disease, cardiovascular disease, and many more. Dr. Chang and his team designed and built BAMF Health to be the world's most advanced radiopharmacy, molecular imaging clinic, molecular therapy clinic, and clinical trials platform all under one roof. BAMF Health employs a global workforce of more than 130 clinicians, researchers, engineers, and data scientists.

In 2024, Dr. Chang was recognized as a regional Entrepreneur of the Year by Ernst and Young. He was also named a Notable Healthcare Leader and one of West Michigan's 200 Most Influential Leaders by Crain's Grand Rapids. He is a sought-after speaker on topics such as Theranostics, AI use in healthcare, and the future of healthcare.
