

GVSU Community,

Thank you, GVSU, for your ongoing support! Since the launch of Workday in January, the project team was prepared to address critical issues typical with a project of this size and complexity. We greatly appreciate the community's active involvement during the stabilization period, which significantly aided in identifying and resolving issues.

Your Input Matters: Share your feedback on the Workday transition and what we should consider as we begin the [Workday Student](#) project. Complete the post go-live survey by **Friday, June 14**, to win a Workday prize pack!
