Juvenile Justice Vision 20/20 Invites You to Attend A **Free Webinar:**

Juvenile Courts and The Potential Impact of AI

Juvenile Justice Vision 20/20 is excited to announce a groundbreaking presentation by Kevin J. Bowling JD on the development of Artificial Intelligence (AI) and AI technology applications within the juvenile justice system. He will also address the challenges that run parallel to the technology's implementation.

As we strive to enhance the efficiency, fairness, and effectiveness of our juvenile justice system in Michigan, and as a fairly new technology, AI stands as a beacon of innovation and potential worthy of great discussion.

Kevin J. Bowling JD, MSJA, ICM Fellow

Mr. Bowling has extensive knowledge of the courts and AI. He retired from the judicial branch of government following a 44-year career as an attorney, court administrator, judicial branch educator, and consultant. Mr. Bowling served as the Trial Court Administrator and Attorney Referee for the 20th Judicial Circuit Court and the Ottawa County Probate Court in Michigan. He also served for 20 years in a variety of positions with the Michigan Supreme Court, including State Judicial Educator and Regional Court Administrator. Additionally, he is a Past President of the National Association for Court Management (NACM); Co-Chair of the Joint Technology Committee (a collaboration of the Conference of State Court Administrators (COSCA), the National Center for State Courts (NCSC) and NACM; and Past Chair of the Department of Justice/Bureau of Justice Administration's Global Advisory Committee. His work in the judicial system includes judicial branch training in numerous US states and service in western Africa as Deputy Chief of Party for the Nigeria Justice Sector Assistance Project. As the current Chief Administrative Officer of the International Assoc. for Court Administration, he recently returned from presenting at their 20th Annual Conference in Singapore in which there were 53 countries present to learn about AI and its potential impact on the courts. Following the conference, he presented at the Singapore Supreme Court on AI and the Courts.

Date/Time: Thursday, January 16, 2025, 12:00 – 1:30 p.m.

Who Should Attend: Judges, court administrators, juvenile court staff and supervisors, juvenile detention administrators/staff, court referees, juvenile justice stakeholders, and anyone interested in learning more.
