EXTERNALLY SPONSORED PROJECTS POLICY

Center for Scholarly and Creative Excellence

POLICY

This document establishes Grand Valley State University's (University) official policy governing the administration of proposals, awards, contracts, and agreements for *all externally sponsored projects*. Externally Sponsored Projects do **not** include Purchasing Agreements or Philanthropic Gifts.

The purpose of this policy is to help ensure that all proposals and awards for externally sponsored projects conform to federal regulations, including the Office of Management and Budget 2 CFR 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (a.k.a., the Uniform Guidance)—and are consistent with GVSU's academic and business policies and sound fiscal practices.

POLICY STATEMENT

Only an Authorized Organizational Representative of the University may submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University.

In addition, an Authorized Organizational Representative may accept on behalf of the University any Externally Sponsored Project award resulting from such proposal submissions or other solicitation processes. The University will not normally accept awards received from outside sources without prior proposal approval as provided in this policy.

DEFINITIONS:

Assistance Action: The main purpose of an assistance action is to transfer money, property, services, or anything of value to the recipient in order to accomplish a public purpose of support or stimulation. The agency must have legal authority to award assistance agreements for this purpose. Grants or cooperative agreements are used to award assistance funds.

Authorized Organizational Representative: An Authorized Organizational Representative is the Vice Provost for Research Administration and any University employee(s) to whom the Vice Provost for Research Administration has delegated oversight responsibility for the administration and management of Externally Sponsored Projects at the University. Only an Authorized Organizational Representative has the authority to submit proposals, accept awards, and sign contracts and agreements for Externally Sponsored Projects on behalf of the University.

Externally Sponsored Project: Externally Sponsored Projects include all projects supported by way of grants and cooperative agreements (direct Assistance Actions); incoming or outgoing sub-recipient agreements or subawards (pass-through Assistance Actions); certain incoming or outgoing contracts (i.e., *externally sponsored* Procurement Actions), including direct contracts, [service agreements, and consulting agreements](#); pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. Externally sponsored projects do **not** include Purchasing Agreements or Philanthropic Gifts.

Philanthropic Gift: A philanthropic gift is an instrument by which an outside donor voluntarily transfers money, services, or property from a donor to the University. There is no expectation of direct economic benefit or the provision of goods or services to the donor, although donors can place stipulations on gifts that direct the funds to the donors' areas of

interest. The absence of quid pro quo language helps define the charitable nature of this type of giving.

Procurement Action: The main purpose of a procurement action is to acquire property or services by purchase, lease, or barter for the use or direct benefit of the purchaser (whether the purchaser is the university purchasing from an outside entity or an outside entity purchasing services from the university). An agreement or contract is used as the legal instrument to award a Procurement Action.

Purchasing Agreement: An agreement entered into by the University through its Procurement Services Office and an outside vendor or supplier to purchase goods and/or services. Examples of non-sponsored purchasing agreements include software licenses, pricing agreements, equipment maintenance agreements, custodial and facilities services, landscaping services, and office supply-vendor agreements.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

ALLOWABLE COST POLICY

SLT 3.11.1

Date of Last Update:

September 04, 2019

Approved By:

- Senior Leadership Team

Responsible Office:

Office of Sponsored Programs

POLICY

All costs proposed to be charged on externally sponsored projects (as defined at [SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY](#)) at Grand Valley State University (the University) must comply with the Federal cost principles prescribed in 2 CFR 200 Subpart E, §200.400; the policies of the sponsoring agency; the specific funding solicitation for which the cost is proposed; and all applicable policies of the University.

Specifically, in order to be deemed an **allowable cost** on such a project, the cost of any particular item must:

1. Be **necessary and reasonable** for the performance of the awarded project. That is, the project cannot be performed without the item and a reasonable and prudent person would incur the cost of the item under the circumstances prevailing at the time the decision was made to propose or incur the cost (§200.403-404).
2. Be fully **allocable** to the particular awarded project or be proportionally allocable to it and another cost objective according to the relative benefit derived (§200.405).
3. Be **treated consistently**. A cost may not be assigned to a sponsored project as a Direct Cost if any other cost incurred for the same purpose in like circumstances has been allocated to the awarded project as an Indirect Cost. University policies governing the treatment of costs must apply uniformly to both sponsored- and non-sponsored activities. Like expenses must be treated the same in like circumstances (§200.400(e)).

Such costs must also meet one of the following two criteria:

1. Be an item or category of cost that is **not expressly disallowed by the federal government** (guidance available at §200.420-475, General Provisions for Selected Items of Cost); **the sponsor** (as documented in sponsor policy statements and in the applicable sponsor funding solicitation); **or the University** (as defined below under Unallowable Costs and documented in the [Business and Finance Procedures](#) and the [University-Wide Policies](#)); OR
2. Be an otherwise unallowable cost that is **expressly allowed by the sponsor**, whether as stipulated in an award or proposal-solicitation document or as documented in a prior written approval request duly executed by an Authorized Organizational Representative of the University. If an expense does not meet the above criteria, it must not be charged to an externally sponsored project at the University.

DEFINITIONS:

Direct Costs are expenses that are specifically associated with a particular externally sponsored project that can be directly assigned to such activities with a high degree of accuracy.

Indirect Costs (also referred to as Facilities & Administration [F&A] or overhead costs) are expenses that cannot be identified specifically with a particular project or activity. Indirect costs benefit multiple activities and programming objectives. In order to capture the amount of indirect costs that should be allocated to a grant, the University has calculated an indirect cost rate, approved by the federal government.

The indirect costs included in this rate are made up of two broad categories: Facilities and Administration.

Facilities costs include:

- Custodial and Maintenance
- Utilities
- Grounds Services
- Parking Operations, less parking fines and fees
- Property and Liability Insurance
- Facility Planning and Management
- Engineering Planning and Management
- Depreciation

Administration costs include all the expenses incurred in providing the following university services:

- Central Administration
- Business & Finance, including financial audit
- Human Resources
- Legal Services
- Inclusion & Equity
- Library Operations
- Administrative Computer Operations
- Grants and Research Administration
- Department Administration, as defined by the federal government to be 20% of Dean and Dean's assistant compensation
- Mail Services
- Public Safety
- University Communications

Federal Cost Principles are the Federal regulations that govern expenditures on federal awards and which also apply to non-federal awards to GVSU because of the University's required federal compliance under 2 CFR 200 Subpart F: Audit Reporting.

Prior Written Approval is a formal permission the University must document before it proposes or incurs a special or unusual cost that may be deemed unallowable under the federal cost principles under normal circumstances.

Requests for prior written approval must be rationalized in writing as allowable under an "unlike circumstances" justification by the University personnel who wish to propose the special or unusual costs. The requests are then reviewed, approved, and (assuming approval is granted) formally submitted to the sponsoring agency by the Authorized Organizational

Representative of the University (as defined in [SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY](#)).

In accordance with the Uniform Guidance at 2 CFR 200, prior written approval from the sponsor is explicitly required (either in the awarded proposal budget, during award negotiation, or prior to incurrence of costs in the event that the expense is to be proposed post-award) for a number of items, including the following:

1. Administrative expenses (§200.413(c))
2. Change of scope (§200.308 (c)(1))
3. Cost sharing or matching (§200.308 (c)(7))
4. Entertainment costs (§200.438)
5. Equipment and other capital expenditures (§200.313, 439)
6. Exchange rates (§200.440)
7. Fines, penalties, damages and other settlements (§200.441)
8. Fixed amount subawards (§200.332)
9. Fund raising and investment management expenses (§200.442)
10. Memberships in any civic or community organization (§200.457 (c))
11. Organization costs (§200.455)
12. Participant support costs, any transfer of budget (§200.308 (c)(5))and (§200.456)
13. Rearrangement and reconversion expenses (Renovations) (§200.462)
14. Selling and marketing costs (§200.467)
15. Subawards, any changes or transfers (§200.308) (c)(6))
16. Supplemental compensation for incidental activities (§200.430 (h) (ii))
17. Use of program income (§200.307)

Unallowable Costs are costs that could be considered appropriate and reasonable, but which are not eligible for reimbursement by the federal government and therefore to ensure consistent treatment under the federal cost principles, are not allowable on any sponsored program. Exceptions are possible with a strong justification for unlike circumstances and with prior written approval (as defined above) from the Authorized Organizational Representative of the University and the sponsor.

Unallowable costs include:

1. Advertising and public relations
2. Advisory councils
3. Alcoholic beverages
4. Alumni/ae activities
5. Bad debt expense

6. Collections of improper payments
7. Commencement and convocation costs
8. Contributions and donations
9. Entertainment costs
10. Fines, penalties, damages and other settlements
11. Fund raising and investment management costs
12. Lobbying
13. Intra-Institution of Higher Education (IHE) Consulting
14. Losses on other awards or contracts
15. Club, social, dining club or lobbying organization memberships
16. Proposal costs
17. Meals and travel associated with lobbying, fund raising, alumni activities
18. Student activities
19. Passports and immigration visas

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

COST SHARING POLICY FOR EXTERNALLY SPONSORED PROJECTS

SLT 3.11.2

Date of Last Update:

September 04, 2019

Approved By:

- Senior Leadership Team

Responsible Office:

Office of Sponsored Programs

POLICY

Grand Valley State University (the University) shall minimize cost sharing on all externally sponsored projects (as defined at [SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY](#)).

The University will allow cost sharing on such projects under the following conditions:

1. When it is required by the sponsoring agency (Mandatory Cost Sharing) as documented

in a proposal solicitation, program description, sponsor policy, Catalog of Federal Domestic Assistance record, broad agency announcement or other official sponsor document.

2. When a reasonable justification is made that provision of Voluntary Cost-Sharing (whether Committed or Uncommitted) will improve the competitiveness of a proposal.

Further, in cases under which the University will allow cost sharing:

1. The proposed cost sharing must be thoroughly and accurately quantified;
2. The proposed cost sharing must represent an allowable cost (as defined in [SLT 3.11.1 ALLOWABLE COST POLICY](#));
3. The proposed cost sharing must be limited to what is required by the sponsor (Mandatory Cost Sharing) or to what is deemed reasonable by the Appointing Officer (as defined in [BOT 4.1.1: GENERAL PERSONNEL POLICIES FOR FACULTY AND STAFF – PERSONNEL ADMINISTRATION](#)) who has authority over the resources proposed to be committed (Voluntary Cost Sharing);
4. The approval to subsidize all proposed cost sharing must be documented by the Appointing Officer who has authority over the resources proposed to be committed;
5. The quantification and approval of cost-sharing subsidies must be documented and approved by the Authorized Organizational Representative of the University (as defined at [SLT 3.11: EXTERNALLY SPONSORED PROJECTS POLICY](#)) using the standard systems and processes of the Office of Sponsored Programs; AND
6. All approved cost sharing included in an awarded externally sponsored project must be monitored, tracked, and reported by the Grants Accounting office in accordance with all applicable federal and sponsor requirements.

DEFINITIONS:

Cost Sharing: Cost sharing is that portion of an externally sponsored project cost that is not reimbursed by the sponsor (whether federal or non-federal) and therefore represents a commitment of institutional resources that would generally otherwise be devoted to other University purposes.

There are three forms of cost sharing:

1. Mandatory Cost Sharing, which is required by the sponsor as an award condition and becomes an obligation once an award is made;
2. Voluntary Committed Cost Sharing, which is voluntarily offered and documented in a proposal submission and therefore becomes an obligation once an award is made; and

3. Voluntary Uncommitted Cost Sharing, in which voluntary cost sharing is intended, but not explicitly committed (documented) in a proposal, and therefore not a binding commitment that must be tracked and reported.

For more information about this policy and the procedures established to ensure compliance with it, please contact the Office of Sponsored Programs at 616-331-6826 or osp@gvsu.edu.

FACILITIES AND ADMINISTRATIVE COST POLICY

SLT 3.11.4

Date of Last Update:

July 13, 2016

Approved By:

- Senior Leadership Team

Responsible Office:

Center for Scholarly and Creative Excellence

POLICY STATEMENT

Grand Valley State University's Facilities and Administrative (F&A) rate (also known as the indirect-cost rate) is established in accordance with the Federal Office of Management and Budget under 2 CFR 200 Uniform Guidance (previously A-21). The rate is negotiated between the University and the U.S. Department of Health and Human Services, the cognizant federal agency that oversees the administration of sponsored agreements at the University. The University's F&A rate reflects the cost of real, auditable expenses incurred in the conduct of sponsored research and programs. Included among these costs are depreciation costs of buildings and equipment, maintenance and repairs, janitorial services, utilities, hazardous waste disposal, libraries, and general administrative costs such as sponsored programs administration, departmental administration, and general administration (accounting, purchasing, legal services, personnel, and compliance). These costs are "indirect" because they are not easily identified with a specific project and therefore are not included in the "direct" portion of the budget. Such indirect costs support the conduct of research and other sponsored programs, regardless of the source of funding, and therefore must be applied to all sponsored projects. For reasons of sound management and equitable stewardship of resources used in support of all sponsored activities, it is expected that all sponsored projects recover full F&A costs.

PROCEDURES

Facilities & Administrative (F&A) Cost Recovery Policy:

It is the University's policy that all proposals and agreements for sponsored research, including subawards and industry contracts, are subject to the recovery of facilities and administrative costs (F&A) at the University's approved and published rate. In some cases, the sponsor has a written policy, uniformly applied, prohibiting F&A costs or restricting the payment of such costs to a lower rate. An exception to the University's F&A cost recovery policy may be warranted if it is clearly in the best interest of the University to accept the award with less than full F&A cost recovery. Any reduction (defined as a waiver of F&A) is strongly discouraged and requires prior approval from the Vice Provost for Research Administration. This exception does not apply to for-profit (industry) sponsors, as such sponsors are expected to provide full F&A when funding a sponsored project. Designation of a sponsored award as a gift will not preclude the recovery of indirect costs if such costs are allowed by the donor.

Facilities & Administrative (F&A) Cost Return and Use Policy:

Each year, the University returns a portion of the recovered F&A costs as appropriate to those generating the grants and contracts. This return of F&A costs generally occurs at the end of each fiscal year and is based upon the F&A costs recovered on sponsored projects during the preceding fiscal year (July 1 - June 30). For sponsored awards originating within academic units with a tenure stream Faculty Principal Investigator, recovered funds are distributed as follows.

- Faculty Principal Investigator – 12.5%*
- Faculty Home Department – 7.5%
- Appointing Officer of unit generating the recovered funds – 20%
- Provost – 20%
- General Fund (Facilities Infrastructure) – 40%

For all other proposals, recovered funds are distributed as follows.

- Appointing Officer of unit generating the recovered funds – 40%
- Provost – 20%
- General Fund (Facilities Infrastructure) – 40%

It is anticipated that, when appropriate, recovered funds will be used strategically for research initiatives, faculty start-ups, bridge funding and required cost share, and to provide the necessary administrative support for research projects. Indirect cost recovery funds cannot be used to increase the principal investigator's annual compensation.

Indirect cost revenue recovered on Financial Aid expenditures will not be allocated and all proceeds will be returned to the General Fund.

Charter Schools are not considered a sponsored program and therefore not affected by this policy.

*Note: if the recovered funds allocated to the Faculty PI are less than \$500, funds will be deposited into departmental FOAPs rather than individual Faculty PI FOAPS

SERVICE AND CONSULTING AGREEMENTS POLICY

SLT 3.11.6

Date of Last Update:

October 15, 2018

Approved By:

- Senior Leadership Team

Responsible Office:

Center for Scholarly and Creative Excellence

POLICY STATEMENT

This document establishes Grand Valley State University's (University) official policy governing the approval and management of service or consulting agreements that employees through the University, meaning cases in which the University would be the contracting party. These are agreements under which Principal Investigator (PI)-Eligible faculty and/or Administrative/Professional (A/P) staff members are obligated to provide specified services or "deliverables" and that do not fall squarely within the traditional framework of research or teaching activities. While these agreements may have research, scholarly, or other benefits to the University, those benefits are a secondary aspect, not the primary purpose of the activity. The terms "service agreement" or "consulting agreement" are intended to be descriptive; such agreements could have other labels or titles.

In some cases, employees who may consider providing services independently of the University as consultants will do this for their own account, on their own time, and using their own resources and subject to applicable University policies. However, review and approval of

all proposed service and consulting agreements under this policy is required to ensure compliance with employment, tax, and intellectual-property law; regulatory requirements governing research and the use of certain kinds of data; and institutional policies regarding student engagement in externally funded activity and the appropriate use of University resources.

The University should be the contracting party only when justified by compelling reasons that meet the General Criteria of this policy. There are occasions, however, when a [PI-Eligible](#) faculty or AP staff member wants to provide a service through the university. For example, the activity may have a strong academic and/or university programmatic component and the faculty or A/P staff member may want to be able to use university facilities, resources, staff, or students to carry out the proposed contractual activity. In those circumstances, **this policy allows for the University to act as the contracting party, but only if the activity in question meets the General Criteria of this policy.**

By way of illustration, but without limitation, services that PI-Eligible faculty and A/P staff members may seek to provide through this policy may include:

- Performing an evaluation or assessment of an external program, such as an educational program or public-health initiative;
- Establishing rating criteria, such as standards for measuring health or safety outcomes;
- Providing technical assistance to a foreign government in areas such as social, health or economic services;
- Delivering professional-development services;
- Partnering with industry to engage students in technical projects the delivery of which will contribute to the educational goals of the students involved; and/or
- Assisting a city government in its urban planning.

PROCEDURES

This policy designates authority to the Vice Provost for Research Administration or their designee to establish such operational procedures as deemed necessary to implement the policy, and ensure operational efficiency, proper oversight of compliance and financial management, and ensure the success of externally sponsored projects at the University.

DEFINITIONS:

Authorized Organizational Representative (AOR): The official to whom the Provost

delegates authority to submit proposals to fund and/or otherwise support externally sponsored projects on behalf of the University and to accept on behalf of the University any awards, contracts, or agreements resulting from such proposal submissions or other solicitation processes.

PI-Eligible: University faculty and AP staff members who are documented as eligible to serve as a Principal Investigator as defined in the University's Principal Investigator Eligibility Policy.

Benefits and Risks

Often, participating in service agreements involves high-profile and challenging projects that may benefit members of the university community by, for example:

- Adding significantly to faculty, staff, and student expertise;
- Demonstrable connections to curricular and co-curricular development, new teaching cases, program development in executive education, and professional development;
- Engaging faculty in domestic and international matters that are highly relevant to their teaching and scholarship, or employees in their administrative responsibilities; and/or
- Initiating or reinforcing strong institutional relationships that can serve long-term University interests.

Though there may be much to recommend the pursuit of these opportunities, especially where there is substantial potential to advance scholarship, education, and service, these arrangements may also pose risks that need to be managed. **Service and Consulting Agreements are more complicated for the University to manage than routine sponsored-project agreements because of the expectations of the external entities, who perceive themselves as clients or customers rather than sponsors.**

The following potential risk factors will be considered in the evaluation of Service and Consulting Agreements:

- The University, as the contracting party in these agreements, bears the risk of liability or reputational harm for non-performance or poor performance of agreed-upon tasks and for unsatisfactory contract "deliverables." Potential risks reach beyond the payments to the University and could include monetary damages from the downstream effects of contested performance.
- Unlike in sponsored-project arrangements (i.e., assistance awards, such as grants or cooperative agreements), in which the sponsor may be presumed to be committed to the principles of objective science or the enhancement of the public welfare, "clients" or "customers" in service arrangements may be more focused on obtaining specific results

and will likely be more involved in directing performance of the services. Institutional integrity and impartiality may be called into question if expectations are not properly managed at the outset.

- **The use of the University's students and staff to assist in these projects also raises unique policy issues.** The University has a duty to students in particular. They should not be made to work on projects unless the work advances their educational goals. The interests of employees, students, and the institution must be safeguarded in the negotiation of such arrangements to assure them that they may generate and publish works of scholarship, receive proper credit for their work, obtain appropriate intellectual property or other proprietary rights in the work product, and avoid confidentiality or other obligations that may compromise transparency and injure reputations.
- Special attention must be paid to assure that these arrangements comply with the university's obligations as a tax-exempt organization (e.g., IRS regulations regarding Unrelated Business Income).

General Criteria

The proposed Service and Consulting Agreement must:

1. Advance the core mission of the academic or non-academic organizational units that will carry it out;
2. Provide a significant institutional and/or public benefit; and,
3. If students are to participate in the activity, provide both a learning experience that advances student educational goals and that students will be free to use and disclose details of the experience in their academic and career pursuits, unless a Non-disclosure Agreement has been approved by the Office of the Vice Provost for Research Administration.

The determination as to whether a proposed Service and Consulting Agreement meets these criteria shall be the responsibility of the employee's Appointing Officer. Such determinations shall be documented using University procedures for sponsored activity.

In addition, the proposed Service and Consulting Agreement must:

1. Present manageable and limited risks;
2. Be accurately budgeted to generate sufficient revenue to pay for full performance that includes both the direct charges associated with the activity and the university's full

- federal negotiated facilities & administrative cost rate;
- 3. Be properly accounted for from a tax perspective;

PRINCIPAL INVESTIGATOR ELIGIBILITY POLICY

SLT 3.11.7

Date of Last Update:

October 15, 2018

Approved By:

- Senior Leadership Team

Responsible Office:

Center for Scholarly and Creative Excellence

POLICY

This policy establishes the eligibility requirements for and the duties and responsibilities of all Principal Investigators (PI) at Grand Valley State University (University). The policy also provides for the establishment of formal processes to request and approve exceptions to the

PI eligibility requirements.

POLICY STATEMENT

For each [externally sponsored project](#), it is customary to designate as PI **one person** who bears ultimate responsibility for scientific, technical, and programmatic decisions, and all financial, administrative, and compliance matters relating to the project. It is the policy of Grand Valley State University that only eligible University faculty, staff, and trainees and appointees (when appropriate) may serve as the PI on externally sponsored projects to be carried out on behalf of the University.

Serving as the nominal project leader to lend credibility to a proposal while delegating PI responsibility to another person (i.e. “fronting” as the PI) is never permissible and is considered a violation of this policy.

PI eligibility is conferred in one of two ways: (1) automatically, by position, and (2) via special request, both subject to training as required by this policy.

1. **Automatic Eligibility:** PI eligibility is automatically conferred upon tenured and tenure track faculty at the rank of Professor, Associate Professor, or Assistant Professor.

Special-Request Eligibility: If PI eligibility is not conferred automatically, it may be conferred by Special Request of the employee’s authorizing official (dean, provost, vice president) or their designee(s)). Certain non-academic units (e.g., the University Art Gallery, Small Business Development Center, Johnson Center for Philanthropy, Van Andel Global Trade Center) may request long term PI status for the director, associate director, and other **Administrative/Professionals (regular, full-time employees), as they deem appropriate. These personnel are all subject to standard Compliance and Training requirements for PI Eligibility.**

1. Fellowships and Training Opportunities

Trainees (typically graduate students and post-doctoral fellows) may be eligible to be PIs on fellowship and training programs **when that designation is required by the funding agency** as documented in a funding opportunity announcement and a PI-eligible faculty or staff member is identified and documented as their sponsor/mentor. In this circumstance, a trainee’s PI eligibility is conferred and verified by the applicable Department/Unit Head’s approval during the internal proposal-routing process. It is not necessary to document approval of trainee PI eligibility via Special Request.

Trainee PI status is consistent with the treatment of all Special Requests for PI eligibility, in that it is conferred on a case-by-case basis; it does not confer blanket PI eligibility status for

any other externally sponsored projects.

Compliance and Training Requirements

However it is conferred, PI Eligibility Status is contingent upon the documented completion of all required compliance and sponsored-programs training. Training requirements, certification, and documentation are determined and administered collaboratively by the Vice Provost for Research Administration, the Office of Sponsored Programs, the Office of Research Compliance & Integrity, and the Controller.

PROCEDURES

This policy designates authority to the Vice Provost for Research and the Director of Sponsored Programs to establish such operational procedures as they deem necessary to implement this policy, and ensure operational efficiency, proper oversight of compliance and administration, and the success of externally sponsored projects at the University.

It is the responsibility of the Office of Sponsored Programs to review all proposals to fund externally sponsored projects to determine and document PI eligibility prior to proposal submission. Proposals put forward by individuals without documented PI eligibility will generally not be approved for submission. Awards resulting from proposals submitted by ineligible PIs who either knowingly or unwittingly circumvent the standard approval process will generally not be accepted by the University.

Responsibilities of All Principal Investigators

Although the University is legally responsible to the sponsor as the actual recipient of any externally sponsored award, the Principal Investigator (PI) is accountable for the proper fiscal management and conduct of the project. This includes managing the project within funding limitations and all of the terms of the award, assuring that the sponsor is notified when significant conditions related to project status change, and ensuring that all programmatic reporting requirements are met in a timely fashion. To assist PIs, the University provides supporting administrative services and has established procedures to help meet both sponsor and University requirements. While responsibility for the day-to-day management of project finances may be delegated to administrative or other staff, accountability for compliance with federal requirements, University policies, and sponsor requirements ultimately rests with the PI. The full cooperation and vigilance of the PI, along with the University, is necessary to maintain the stewardship role.

1. Preparation of Proposals

Principal Investigators have primary responsibility for planning and carrying out the preparation and submission of proposals for external support. Although PIs may have administrative staff to assist with the proposal-development process, they are ultimately responsible for the quality and scientific integrity of the proposal, and for understanding and complying with all University policies for managing external support.

a. Technical Proposal

The Principal Investigator is responsible for preparing the technical proposal.

b. Proposal Budget

The Principal Investigator prepares, or directly supervises the preparation of, all aspects of the proposed budget and budget justification. This responsibility includes coordination with Procurement Services and compliance with all procurement policies and procedures. It also includes identifying any requests and sufficient resources for cost sharing (including matching funds); the need for space or space modifications (including any accommodations for large and/or unusual equipment); and the need for outside collaborators (sub-recipients, contractors, consultants). The PI ensures all costs are allowable, allocable, and reasonable for the project in accordance with the federal cost principals set out in OMB 2 CFR 200, and that all proposals include full recovery of all anticipated project costs. Full recovery includes recovery of indirect costs at GVSU's negotiated federal rate or (in the case of non-federal sponsors or federal training grants) the maximum rate allowed under published sponsor policy.

c. Regulatory Requirements

The PI is responsible for anticipating whether the research will involve human subjects, live animals as subjects, recombinant DNA, infectious agents, narcotics or biological toxins, human blood or body fluids, radioactive materials, hazardous materials, export controls, conflicts of interest, or other regulated activities requiring University review or clearance. The PI is responsible for preparing information and forms required for review by the University's Office of Research Compliance & Integrity.

d. Project Approvals

The Principal Investigator prepares, or directly supervises the preparation of, and electronically signs internal proposal-approval forms, and requests required approvals in a timely fashion.

2. Acceptance of the Award

The PI is responsible for collaborating with the Office of Sponsored Programs in any negotiations with the sponsor relating to modifications of the project scope or budget or proposed terms and conditions of the award.

The Principal Investigator is responsible for reviewing and approving the award agreement, in conjunction with OSP, including the scope of work, budget, and the special terms and conditions of the award, and for managing the award in accordance therewith.

3. Conduct and Management of Award

The Principal Investigator is responsible for all actions required to manage and complete the scientific, programmatic, and financial aspects of the externally sponsored project in accordance with all of its terms and conditions, including the performance of all sub-recipients. The Principal Investigator is also responsible for the management of the award budget and expenditures in accordance with federal, GVSU, and sponsor requirements. This responsibility includes attesting to the allowability, allocability, and reasonableness of all expenditures. Principal investigators are responsible for routine monitoring of the status of grant accounts to prevent overdrafts and incorrect charges and to ensure that unallowable costs are not charged to an award.

The Principal Investigator is responsible for the timely submission of all required programmatic reports, interim and final. The information contained in such reports must be supported by adequate documentation. The Principal Investigator will provide copies of all required programmatic and progress reports to the OSP and the Grants Accounting office.

DEFINITIONS:

Externally Sponsored Project: All grants and cooperative agreements (direct assistance actions); all incoming or outgoing sub-recipient agreements or subawards (pass-through assistance actions); certain incoming or outgoing contracts (i.e., *externally sponsored* procurement actions), including direct contracts, service agreements, and consulting agreements; pass-through subcontracts and service agreements; and certain other agreements, including master collaboration agreements, material transfer agreements, and data-use agreements—whether funded or unfunded. *Externally sponsored projects do **not** include purchasing agreements or philanthropic gifts.*

Principal Investigator (PI): An individual with a formal affiliation with the University, normally an employee, who is or becomes eligible under this policy to submit a proposal for extramural support for a research, training, public-service, or other externally sponsored project, who personally participates in the project to a significant degree, and who has

primary responsibility for the scientific, technical, programmatic, and administrative conduct and reporting of the project, including compliance and financial matters. A Principal Investigator who is the head of a training or other sponsored project may be known as a Project Director. For the purposes of this policy, the terms shall be considered equivalent. The University only recognizes one individual as the Principal Investigator and this individual must personally participate in the project to a significant degree.

Co-Investigator (Co-I): An investigator who will share responsibility for the scientific, technical, and/or administrative conduct and reporting of a research or sponsored project with the Principal Investigator. Each individual named as a Co-Principal Investigator at the University must meet the same eligibility requirements as a PI as noted above. There may be more than one Co-Principal Investigator, but one person is designated as the leader (PI) of the project. While the University allows this approach, not all sponsors allow Co-PI models. In certain cases, a sponsor (e.g., the National Institutes of Health—NIH) may allow a **Multiple Principal Investigator** model to be employed in a research or sponsored project. Such models feature multiple PIs who are expected to equally share responsibility for leadership of multidisciplinary and other types of “team science” projects that are not optimally served by the single Principal Investigator model. Such models typically require a single “Contact PI” and special justification in the form of a Multi-PI Plan that documents processes for project governance and resolution of conflicts.

TEXTBOOKS AND COURSE MATERIALS POLICY

SLT 3.12

Date of Last Update:

October 10, 2016

Approved By:

- Senior Leadership Team

Responsible Office:

Provost Office

POLICY STATEMENT

Textbooks and related course materials continue to be essential to the delivery of knowledge. For various reasons, the cost of those materials has continued to rise. The goal of the University is to provide the best quality educational resources at the lowest possible cost to

the students by minimizing the cost of textbooks and course materials used at the university while maintaining quality of education and academic freedom.

PROCEDURES

The Provost's Office is responsible for overseeing the faculty role in textbook selection. It discharges that responsibility by working closely with the Deans of the colleges. Business and Finance is responsible for overseeing the practices of the GVSU Laker Store.

Responsibilities of the Faculty:

- Faculty members shall submit lists of required textbooks, recommended textbooks and supplemental course materials to the GVSU Laker Store by the specified deadlines.
- Faculty are expected to compare various textbook options and to make the selection by taking into account pedagogical value, price, and availability. If all other considerations are about the same, the less expensive option should be selected. When there are multiple sections of a course taught by different instructors, it is preferable (but not required) that departments order the same textbook for all sections, in order to benefit students who may be adjusting their schedule during drop/add week and to support inventory management for the GVSU Laker Store.
- When faculty wish to require the purchase of any published textbooks or materials for which they have or will receive royalties or revenue, this decision shall be reviewed by the Unit Head, who shall determine whether the selection is appropriate, taking into account the criteria above. The purpose of the review is to disclose and to manage any actual or potential conflict of interest. The Unit Head may authorize that the review be conducted by a designee if certain disciplinary expertise is needed or if the Unit Head cannot provide a neutral review. If the Unit Head cannot identify a designee, then the review shall be conducted by the Dean or designee.

Responsibilities of the GVSU Laker Store:

- The GVSU Laker Store will continue to reduce textbook prices whenever possible.
- The GVSU Laker Store will buy back used textbooks, and the following semester make the used copies available at reduced price and display them next to the new ones.
- When filling departmental textbook orders, the GVSU Laker Store shall acquire as many used but still up to date copies as possible, make them available at reduced price, and

place them next to the new ones.

- The GVSU Laker Store will display the required texts and materials with the course instructors' names and course section numbers. This will help students make informed decisions when finalizing course schedules.

- (5) Utilization of services (e.g., National Agricultural Library, National Library of Medicine) available to provide information:
- (i) On appropriate methods of animal care and use;
 - (ii) On alternatives to the use of live animals in research;
 - (iii) They could prevent unintended and unnecessary duplication of research involving animals; and
 - (iv) Regarding the intent and requirements of the Act.

The *PHS Policy*, Section IV.C.1.f. places the responsibility specifically with the IACUC to ensure that personnel conducting procedures on research animals are appropriately qualified and trained in those procedures. SMOKING (AND VAPING) POLICY

SLT 4.6

Date of Last Update:

April 30, 2024

Approved By:

- Senior Leadership Team

Responsible Office:

Human Resources

POLICY STATEMENT

Grand Valley State University acknowledges the findings of the Surgeon General that tobacco use in any form, active and/or passive, is a significant health hazard. Further, environmental tobacco smoke has been classified as a Class-A carcinogen and there is no known safe level of exposure to environmental tobacco smoke. GVSU has determined that it is in the best interest for the health of its community to ban the use of tobacco products in any form at any location owned or controlled by the university.

Eliminating opportunities for exposure to secondhand smoke protects the overall health of non-smokers. By updating this policy, Grand Valley State University is taking action to remove exposure to the harmful effects produced by smoking for the benefit of all members of the University Community.

Pursuant to this policy, no person* (a) shall smoke or vape or (b) otherwise use any product derived from or containing tobacco on any property owned or controlled by the university or in any vehicle owned, leased, or rented by the university. Products derived from or containing tobacco may not be sold on any property owned or controlled by the university. For the purposes of this policy, to “smoke” means to inhale, exhale, burn or carry any lighted or heated product including but not limited to tobacco or other plant material intended for inhalation, whether natural or synthetic. To “smoke” also includes the use of a pipe or hookah or any electronic smoking device which creates, in any manner, an aerosol or vapor, in any form or any other oral smoking device. Products derived from or containing tobacco include without being limited to cigarettes, (including clove, bidis, kreteks), electronic cigarettes, aerosol or vapor nicotine delivery devices, cigars/cigarillos, pipe tobacco, hookah-smoked products, and oral tobacco (spit and spitless, smokeless, chew, snuff).

There will be a one-year grace period from the effective date of this policy before it will be enforced. During the grace period, the previous restrictions on smoking will continue to be in place and enforced. Individuals who smoke and who wish to quit are encouraged to take advantage of the following smoking cessation programs.

*Traditional Native American spiritual, ceremonial, and cultural tobacco use is permitted on campus with prior approval by the requestor’s supervisor. If the use is for religious purposes, requestors should refer to the Religious Accommodation policy.

Smoking cessation supports are available at the [Campus Health Center](#), local pharmacies, primary health care providers, and the local health departments. Students, faculty, and staff are encouraged to call ahead to inquire about fees. Prior to use of the campus health center, prospective patients may want to check with their health insurance provider to see if costs of any smoking cessation supports can be covered. Additional supports may be available through The Truth Initiative Tobacco/Vape-Free College Program Grant awarded to GVSU in 2024. This student led program will support Faculty, Students, and staff through the transition with educational and advocacy activities, to include free smoking cessation products. **All FDA approved nicotine replacement therapy products will be permitted when used for purposes of smoking cessation.**

INTERIM PROCEDURES

The following procedures will remain in place for one year from the effective date of this Policy. All properties including buildings at all GVSU owned or controlled locations are designated as smoke free. Smoking is prohibited in **all** indoor spaces; including, but not limited to, educational, housing and dining locations.

Smoking is prohibited in all outdoor spaces within twenty-five (25) feet of any GVSU building, within twenty-five feet of any GVSU bus stop on University property and within twenty-five feet of the Little Mac Bridge on the Allendale campus.

Smoking is prohibited in all University owned, leased or rented vehicles.

At all Intercollegiate Athletic facilities and at The Meadows Golf Club smoking is permitted in designated outdoor smoking areas only.

Smokers must cease smoking prior to entering any prohibited smoking area; twenty-five feet from any building, bus stop and bridge.

While GVSU permits smoking in areas not designated to be smoke free, it is the responsibility of smokers to be respectful of non-smokers in choosing a location in which to smoke so as to minimize non-smokers' contact with second-hand smoke.

Smokers are responsible for properly disposing of all smoking related litter, which includes cigarette and cigar butts, tobacco, etc. Disposal of any smoking litter is not permitted on University grounds except in the provided ash receptacles.

If University facilities are rented by non-University individuals or groups, they shall be notified of and required to comply with this policy.

As the University acquires space or constructs new buildings or additions, smoking shall not be permitted in these buildings or areas. The above twenty-five foot distance from any building will be maintained at all new facilities.

GVSU recognizes that smoking is highly addictive. Smokers interested in assistance with quitting smoking should contact the appropriate office to learn about smoking cessation options and support. Students should contact the Campus Recreation Fitness and Wellness Office and faculty and staff members should contact Human Resources at 331-2215.

Policy Enforcement

This policy assumes that with notice to our community individuals will voluntarily adhere to these regulations and enforcement will not be needed. If smoking is observed in violation of this policy the appropriate action to take is to:

- Politely ask the person who is smoking either to stop smoking or to move to a designated smoking area, outside of the twenty-five foot perimeter of the building, bus stop or bridge.
- Should the problem persist, request the person's name and status at Grand Valley (student, faculty, staff member or visitor). If the person refuses to identify themselves, contact the Department of Public Safety Services at (616) 331-3255.
- If the person violating this policy is a student, a complaint may be filed with the Dean of Students' Office, (616) 331-3585, which shall take appropriate action.
- If the person is a faculty or staff member, a complaint may be filed with that person's dean, unit head or supervisor who shall act pursuant to the appropriate personnel policies.
- If the person is a visitor, a complaint may be filed with the Department of Public Safety on the Allendale campus or with Pew Campus Security for the Pew Campus and regional campuses who will take appropriate action.

CANCELLATION/CLOSURE/REMOTE POLICY

SLT 6.3

Date of Last Update:

January 12, 2023

Approved By:

- Senior Leadership Team

Responsible Office:

Finance and Administration

POLICY STATEMENT

Grand Valley State University has four operating status: Open, Classes Canceled, Closed, or Remote. The operating status of the university could change for a variety of reasons including emergency, utility disruptions, or weather.

TYPES OF OPERATIONAL CHANGE:

- **Open:** The University’s normal operating condition. Students, faculty and staff should assume the university is open unless advised otherwise. County or State Health Department Orders, Executive Orders or similar directives may require temporary modifications to University operations without changing the University Operating Status.
- **Remote:** The most common reason to shift to remote status would be for weather related reasons. Classes will shift to remote delivery whenever feasible. Classes that cannot be delivered remotely will not be held. Staff will shift to remote/work from home whenever possible. Essential staff are to report to work. Athletic contests may be held

as previously planned subject to approval by the Vice President of Finance and Administration. Other campus events may be held as previously planned subject to approval by the President or Vice President whose division is sponsoring the event.

- **Classes Cancelled:** Only classes are cancelled. The remainder of the University is open as normal. All staff are to report to work at their regular time. Rare instances of cancelling classes might include unusual student activities or student related crises.
- **Closed:** Classes and campus events will not be held. Only ESSENTIAL staff are to report to work. The university would normally only close for significant and unanticipated events like natural disasters or civil unrest in the surrounding community. It is not anticipated the university would close for weather related events.

When GVSU is **closed or shifts to remote**, only **essential staff** are to report. Designated personnel in the following departments are deemed essential and are expected to report:

- **Department of Public Safety**
- **Facilities Services**
- **Athletic & Recreation Facilities**
- **Food Service**
- **Housing**
- **Information Technology**
- **Library**
- **Facility Services Grand Rapids and Regional Campuses**
- **WGVU Television and Radio**
- **Office of Student Life Administrative Professional Staff**

Appointing officers have discretion to call in non-essential staff as circumstances may require.

Students, faculty and staff should assume the university is open unless they are advised otherwise through GVSUAlert!, the university's emergency notification system, or on www.gvsu.edu. Radio or television announcements should be confirmed with GVSUAlert or www.gvsu.edu. In the case of a shift to remote, every reasonable effort will be made to make the announcement the day prior in order to provide ample time to enable the shift to remote class delivery and work from home preparation for employees.

Guidelines for course delivery in the event of University cancellation, closure or remote status are available

here: www.gvsu.edu/provost/guidelines-for-course-delivery-in-the-event-of-253.htm.

University Criteria for Weather-related Shifts to Remote

In evaluating whether to shift to remote for weather-related reasons, the following criteria are

used: 1) the ability of the university's road crews to keep campus roads and parking lots cleared; 2) the conditions of primary and secondary roads in the area as reported by the Michigan Department of State Police as well as by central dispatch authorities in Kent and Ottawa counties; 3) weather reports regarding the track of the storm and other conditions, and 4) the anticipated length of time of the weather impacts campus operations

Because commuting students, faculty and staff come from such a broad geographic area, it is extremely difficult to arrive at a decision that is appropriate for each vicinity. Weather conditions rarely are uniform throughout this large area. There is no one decision that will satisfy everyone; however, a diligent effort is made to arrive at a reasonable decision that considers the safety of students, faculty and staff. Under no circumstances does GVSU ask students, faculty or staff to assume undue risk in traveling to the University in inclement weather.

When GVSU Allendale shifts to remote because of weather-related conditions, the Pew Grand Rapids Campus, Health Campus and the Meijer Holland Campus will also shift to remote.

GVSU's classes in Muskegon and the Stevenson Center for Higher Education will follow the operating status of Muskegon Community College.

GVSU's classes in Traverse City and the office in the NMC University Center will follow the operating status of Northwestern Michigan College.

The operating status of the Annis Water Resources Institute (AWRI), the Muskegon Innovation Hub and the Detroit Center will be made separately, as these facilities host tenants, business events, and functions not necessarily affiliated with university operations.

Any changes in the University's operating status will be made through GVSUAlert!, on the Grand Valley web home page www.gvsu.edu, and on GVNext at www.gvsu.edu/gvnext.

Notifications may also be heard on area radio and television stations. Please do not call the university switchboard regarding the University's operating status.

EVENT SIGNS AND BANNERS POLICY - ALLENDALE CAMPUS

SLT 6.7

Date of Last Update:

November 05, 2013

Approved By:

- Senior Leadership Team

Responsible Office:

Facilities Services

POLICY STATEMENT

Grand Valley State University event sign and banner policy is intended to establish a uniform system used across campus. The primary function of a sign or banner is to provide information. The effectiveness of distributing this information will be based on consistent design and standards. Implementation and maintenance of the event sign system will be the responsibility of the GVSU Facilities Services Department.

PROCEDURES

Event signs are made by Facilities Services. Banners are provided by the customer. When making a request, please follow the steps listed below:

1. Call Facilities Customer Service at 331-3000 to place your sign or banner request approximately two weeks prior to the event.
2. All banners are to be provided by the customer. There are two (2) locations on campus where they can be hung. One is in front of Lake Huron Hall in the Academic Mall area. The other is at the Northwest side of the Student Services Building facing Campus Dr. The banner(s) will be tied to metal posts that are secured into the ground. Banners may not hang from sculptures, the roof or inside any building, or be placed in the ground at a different location other than the two indicated unless approval has been given by the Associate Vice-President of Facilities Services. Also, approval must be given for any light pole banners. Light pole banner design must conform to Facilities size and construction standards and will be provided upon request.
3. Facilities Services will make and install three (3) real estate style signs for any GVSU sanctioned event on campus. They are 18" x 24", white with navy blue lettering. Any additional signs ordered will be at a cost of \$15.00 each and you must provide a FOAP number. There is a maximum of 15 signs that may be ordered.
4. If you are ordering a real estate sign then please indicate the event name, the location and which parking lot to use. We are able to place quotes or statements on the signs but it is a good idea to keep the letters to a minimum so they can be made large enough to

read. Please give a date/time to have these installed and a date/time for removal.

5. Facilities Services will install the real estate signs at the locations the customer indicates. Usually this is at the campus entrances or along Campus Drive. No signs may be installed in front of the arch at the north main entrance or in front of any welcome sign at the campus entrances.

6. Handwritten signage is not allowed and any professional signage brought on campus must have approval by the Associate Vice-President of Facilities Services.

If you have any questions about your signage or need approval please call 331-3000.

Business and Finance

POLICY STATEMENT

Grand Valley State University (GVSU) will comply with the applicable requirements of 16 C.F.R. 681, a federal regulation issued by the Federal Trade Commission (FTC) as part of the implementation of the Fair and Accurate Credit Transaction (FACT) Act of 2003 requiring that financial institutions and creditors (which include higher education institutions) implement written programs that provide for the detection of and response to specific activities ("Red Flag") that could be related to identity theft.

Red Flag Detections

Student Enrollment

To detect any of the Red Flags identified above associated with the enrollment of a student, GVSU personnel will take the following steps to obtain and verify the identity of the person opening the account:

- a. Require certain identifying information such as name, date of birth, academic records, home address or other identification
- b. Verify the student's identity at time of issuance of student identification card (review driver's license or other government-issued photo identification)

To detect any of the Red Flags identified about for an existing covered account, GVSU personnel will take the following steps to monitor transactions on accounts:

- a. Verify the identification of students if they request information (in person, via telephone, facsimile or email)
- b. Verify the validity of requests to change billing address by mail or email and provide the student a reasonable means of promptly reporting incorrect billing address changes
- c. Verify changes in banking information given for billing and payment purposes

Consumer ("Credit") Report Requests

To detect any of the Red Flags identified above for an employment or volunteer position for which a credit or background report is sought, GVSU personnel will take the following steps to assist in identifying address discrepancies.

- a. Require written verification from any applicant that the address provided by the applicant is accurate at the time the request for the credit report was made to consumer reporting agency
- b. In the event that notice of an address discrepancy is received, verify that the credit

report pertains to the applicant for whom the requested report was made and report to the consumer reporting agency an address for the applicant that GVSU has reasonably confirmed is accurate

Preventing and Mitigating Identity Theft

In the event that GVSU personnel detect any identified Red Flags, such personnel shall take one or more of the following steps, depending on the degree of risk posed by the Red Flag:

- c. Ensure that office computers with access to covered account information are password protected.
- d. Avoid use of social security numbers
- e. Ensure computer virus protection is up to date
- f. Require and keep only the kinds of student information that are necessary for GVSU purposes

Oversight

Responsibility for developing, implementing and updating this Program lies with an Identity Theft Committee (Committee) for GVSU. This Committee is headed by a Program Administrator appointed by the President. Two or more individuals appointed by the Program

Administrator comprise the remainder of the committee.

The Program Administrator is responsible for ensuring appropriate training of GVSU personnel review of staff reports regarding the detection of Red Flags and the steps for preventing and mitigating identify theft, determining which steps of prevention and mitigation should be taken in particular circumstances and considering periodic changes to the Program.

Staff Training and Reports

GVSU staff responsible for implementing the Program shall be trained either by, or under the direction of, the Program Administrator in the detection of Red Flags and the responsive steps to be taken when a Red Flag is detected. GVSU staff shall be trained, as necessary, to effectively implement the Program. GVSU employees are expected to notify the Program Administrator once they become aware of an incident of identity theft or of GVSU's failure to comply with this Program. At least annually or as otherwise requested by the Program Administrator, GVSU staff responsible for development, implementation, and administration of the Program shall report to the Program Administrator on compliance with this Program. The report should address such issues as effectiveness of the policies and procedures in addressing the risk of identity theft in connection with the opening and maintenance of covered accounts, service provider arrangements, and significant incidents involving identity theft and management response, and recommendations for changes to the Program.

Service Provider Arrangements

When the GVSU engages a service provider to perform an activity in connection with one or more covered accounts, GVSU will take the following steps to ensure the service provider performs its activity in accordance with reasonable policies and procedures designed to detect, prevent and mitigate the risk of identity theft:

- a. Require, by contract, that service providers have such policies and procedures in place
- b. Require, by contract, that service providers review GVSU's Program and report any Red Flags to the Program Administrator or GVSU employee with primary oversight of the service provider relationship

Program Updates

The Committee will periodically review and update this Program to reflect changes in risks to students and soundness of GVSU's policies, procedures, protocols and practices from identity theft. In doing so, the Committee will consider GVSU's experience with identity theft situations, changes in identity theft methods, changes in identity theft detection and prevention methods, and changes in GVSU's business arrangements with other entities. After considering these factors, the Program Administrator will determine whether changes to the Program, including the listing of Red Flags, are warranted. If warranted, the Committee will

Levels of Keys and Issuance

A system of keys ranging from Grand Master (GM) Keys down to the lowest level key is used to satisfy user needs. Facilities Services aims to issue the smallest number of keys possible. Keys will not be issued where card access is available.

Grand Master Key is the highest-level key on campus. These keys cover all of the keyways within the entire key system. All GM key requests must receive the approval of the appropriate division heads, the Associate Vice President for Facilities Services, and the Vice President for Finance and Administration. These key(s) are issued to the Associate Vice President for Facilities, Director of Facilities, Assistant Director, or Manager of Facilities Services, the Director of Facilities Planning, Project Managers, the Director of Public Safety Services, Facilities Services Supervisors and Public Safety Officers. Other Facilities Services staff and some university personnel may be approved, but only after administrative, and executive officer authorization.

Due to the level of access granted by a GM key, all GM keys will be issued on a tamper proof key ring, and require a tracking device be added to any key ring containing this level of key. The initial tracking device will be issued by Facilities Services Allendale or Facilities Services Grand Rapids and Regional Centers. Data collected through the tracking device is for use only by Facilities Services - Allendale, Security staff, and Facilities Services – Grand Rapids and Regional Centers and is for the sole purpose of locating a GM key in the event of loss or theft. Employees are prohibited from tampering or attempting to alter or disable the tracking device or key ring which the GM key was issued. The employee will be responsible for costs associated with replacing a tracking device due to loss or theft. Replacement due to damaged, worn, or non-working tracking devices will be covered by Facilities Services – Allendale or Facilities Services – Grand Rapids and Regional Centers, so long as the damaged, worn or non-working tracking device is returned.

Master Keys operate all keyways except mechanical rooms and designated restricted areas. These keys are issued to Deans or Administrative Assistants with responsibility for all building and department activities. Custodial Staff will also be issued appropriate keys for the building to which they are assigned. Issuance of these keys must be approved by the Associate Vice President for Facilities Services.

Sub-Master Keys operate a sub-group of locks within a master key system such as an individual department. These are issued based on proof of need and require approval of the Associate Vice President for Facilities Services.

Operator Keys allow entry to individual offices or rooms. These are the primary keys issued

to faculty and staff. Approval is from the Associate Vice President for Facilities Services.

Entrance Keys operate entrance doors to buildings, departments, or suites. Approval is from the Associate Vice President for Facilities Services.

File Keys are issued as requested to allow access to department files or personal office files, desks or cabinets.

Key Records

A Key record is maintained for each employee possessing a University key or access card. The information in the key system includes the employee's name, job title, department and phone number. The system also lists the date the key is issued, the key code, access location, room numbers, employee's signature, and dates of key/access card return.

Key Request Procedures

- Access to locked areas of the University is based upon need.
- Whenever possible, employees will be issued the minimum number of keys and access cards at the lowest level allowing access to their areas of assignment only.
- Students, Grad Assistants, and temporary employees will not be issued brass keys to academic buildings. Employees signing out keys for these individuals **will** be held responsible for the keys.
- Access cards may be issued if a student is enrolled in a program that requires card access i.e: Engineering, Health Campus Programs, CLAS.
- Grad Assistants may be issued access cards for the duration of their employment to buildings or spaces where they work.
- All key requests must be submitted in the [KEY SYSTEM](#), which is available on the Facilities Services website.
- Information in the [KEY SYSTEM](#) must be complete with proper supervisor or department approval. Incomplete requests will be denied. Proper justification must be provided for anything other than keys to specific doors.

Upon approval

Allendale Campus: Keys will be delivered to a designated office or can be picked up at the Central Utilities Building (CUB). The employee responsible for the keys/cards will use their university username and password to login to the electronic key system to verify receipt and responsibility of the keys/cards.

Grand Rapids Campuses: The requestor will receive an email letting them know that the keys/cards are ready to be picked up at either the Facilities Services office located in the Bicycle Factory, Suite 350, or at the main desk of the Cook-DeVos Center for Health Sciences

Building. The employee responsible for the keys/cards will use their university username and password to log in to the electronic key system to verify receipt and responsibility of the keys/cards.

Regional Centers: Keys/cards requested for regional center buildings will be delivered. The employee responsible for the keys/cards will use their university username and password to log in to the electronic key system to verify receipt and responsibility of the keys/cards.

Return of Keys

When a key or access card is returned from an employee because the need no longer exists, the key record system will be updated with a return date. Upon termination of university employment, Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers will be notified by Human Resources.

The employee's supervisor should follow up and direct the proper return of keys to Facilities Services Allendale and Facilities Services Grand Rapids and Regional Centers. These key changes are reflected in the key records and the file is closed.

Under no circumstances are keys to be retained by the department and given to a new employee.

Contractors and Vendors - Special Key Issuance and Lost keys

Vendors are issued temporary keys and access cards through the Facilities Services Allendale office or the Facilities Services Grand Rapids and Regional Centers office. Such keys and access cards are to be returned immediately upon completion of the contracted service or by 5:00 p.m. each day. Keys may be kept overnight with university manager approval.

In addition to the fee for a lost key, the responsible person/vendor accepts the responsibility to pay for the re-core of the building or buildings which the lost key was assigned to open. The cost of such a re-core may reach \$10,000.00 or more depending on the size of the building and number of cores to replace. We urge all of our contractors/vendors to maintain custody of your keys and access cards at all times.

Students and Temporary Job Assignments

Students and temporary employees may have keys or access cards temporarily assigned to them for the duration of their shift and must return them daily. These are to be checked out through the Facilities Services Allendale office or the Facilities Services Grand Rapids and Regional Centers office and require supervisor's permission. A driver's license must also be presented and information will be recorded.

Employees receiving temporary job assignments may check out the appropriate building key

from the Facilities Services Allendale office or Facilities Services Grand Rapids and Regional Centers office to work in the assigned area. (Example: custodians or maintenance personnel temporarily assigned to a different routine). These keys may be held for the duration of the temporary assignment and do not have to be returned daily.

Key Check Out Procedures

Lock Box Keys are issued to Facilities Services Allendale, Facilities Services Grand Rapids, Public Safety, Technology Services, and designated contractors only. This key allows access to key boxes that are located in designated buildings and contain a master key for that building. Lock Box keys are issued to designated individuals within these departments based on proof of need. These key requests must be approved by the Associate Vice President for Facilities Services.

Allendale Campus: Key and access card checkout is located in CUB for temporary checkout of keys and access cards. Identification (driver's license) of the individual checking out the key as well as verification of need will be necessary.

Grand Rapids and Regional Center Campuses: Key and access card checkout for the Pew Campus and Regional Centers is located at the Bicycle Factory, Suite 350, for the temporary checkout of keys and access cards. Key and access cards for the Health Campus can be signed out from the main desk at the Cook-DeVos Center for Health Sciences. Identification of the individual checking out the key as well as verification of need will be necessary. Keys and access cards are to be returned daily by 5pm.

LIGHTNING/SEVERE WEATHER POLICY - ATHLETICS

SLT 6.14

Date of Last Update:

August 22, 2014

Approved By:

- Senior Leadership Team

Responsible Office:

Athletics

POLICY STATEMENT

The safety of all participants and observers of athletic events is extremely important.

Therefore, the Athletics Department has developed the following policy and chain of command in order to ensure the safety of both athletes and onlookers in the case of severe weather during an athletic event.

PROCEDURES

Chain of Command

The athletic trainer(s) present (most practices) in coordination with the game administrator and game officials are responsible for terminating an athletic activity in the event of lightning or other severe weather. During outdoor activities, a primary responsibility of the athletic trainer(s) is to have the ability to make sound decisions on environmental factors effecting the safety and well being of the athletes as well as others involved with the activity.

The certified athletic trainer will communicate with the game administrator, the head coach, and game official(s)/umpire(s) of the potential for lightning or severe weather and will make the recommendation that all activities stop or be suspended.

If the head coach is not present, the senior most member of the coaching staff will assume responsibility.

If an athlete proceeds with their outside activity against the recommendation of the individual in charge to seek a safe shelter, the athlete assumes all personal liability with regard to their safety and health.

If a coach and/or game official(s)/umpires(s) make the decision to continue to practice and/or continue with a game or other activity despite a Telvent weather warning, the cancellation of classes, and/or the verbal instruction by a certified athletic trainer or game administrator, they will be doing so against the recommendations of the Grand Valley State University Athletic Department and will be personally liable for any and all injuries.

Severe Weather

In the event of severe weather, the following measures will be taken by Grand Valley:

The athletic training staff will check the weather daily prior to the practice or competition. Up-to-date weather reports will be obtained by using Telvent services.

During outdoor practices and games, an early warning text message system from Telvent may be used to help determine the occurrence of and/or distance of lightning in the area. The weather reports and systems will be monitored for storms that may develop during practices and games.

When an early warning text message system from Telvent has detected lightning or thunder

has been heard, the athletic trainer in charge will monitor the distance on the early warning system. When the lightning is within an 8-mile radius of the venue, the activity will be ceased and a warning message with recommended safe structure will be given.

Anytime the Meadows sirens are used to close the golf course, all athletic outdoor activities will be suspended.

The certified athletic trainer will be responsible for notifying the head coach, official(s)/umpire(s) and game administrator (if present) of the lightning or severe weather. The certified athletic trainer will recommend play to be suspended at this time and shelter should be taken.

Any person who feels they are in danger of any lightning activity will have the right to leave the field or event site to seek safe shelter without fear of penalty or repercussion.

If play is suspended due to severe weather, everyone (including observers) should seek shelter in the designated "safe structures" (listed in Table A). A "safe structure" is defined as "any building normally occupied or frequently used by people, i.e. a building with plumbing and/or electrical wiring that acts to electrically ground the structure." This structure does not include: shower facilities, baseball/softball dugouts, outside storage sheds, and canopies/awnings/tents. When in a "safe structure," stay away from corded telephones, electrical appliances, lighting fixtures, ham radio microphones, electric sockets, and plumbing.

In the absence of a "sturdy, frequently inhabited building," one may seek shelter in fully enclosed hardtop vehicles but should not touch the sides of the vehicle.

If no "safe structure" is available within reasonable distance, find a thick grove of small trees surrounded by taller trees or a dry ditch and assume a lightning safe position. A lightning safe position is one in which one is crouched on the ground with only the balls of the feet touching the ground, with their arms wrapped around the knees and head lowered. Do not lie flat on the ground. Stay away from the tallest trees or objects (i.e. light poles or flag poles), metal objects (i.e. fences or bleachers), individual trees, standing pools of water, and open fields. Avoid being the highest object in a field.

Any person who feels his/her hairs stands on end or skin tingle should immediately assume a lightning safe position.

Avoid using a landline telephone. Cellular phones may be used in an emergency situation.

Resumption of Activity

Play will resume thirty minutes following the last flash of lightning per the Telvent warning system. The certified athletic trainer will make this recommendation to the official(s) during an official game.

Blue skies and absence of rain are not protection from lightning. Lightning can strike up to ten miles from the rain shaft and it does not have to be raining for lightning to strike.

Care of a Lightning-Strike Victim

A lightning strike does not stay attached to the source therefore they do not carry an electrical charge. It is safe to touch the victim to move him/her to a safe location and to render medical treatment. Medical personnel should consider their own personal safety before venturing into a dangerous situation to render care.

Lightning-strike victims who show signs of cardiac or respiratory arrest need emergency help quickly. CPR and AED use should begin immediately, if necessary. Prompt, aggressive CPR has been highly effective for the survival of victims of lightning strikes.

Victims should be assessed and treated for apnea, asystole, hypothermia, shock, fractures and burns.

Pew Campus Operations/ Allendale Facilities Services

POLICY STATEMENT

The following policy language is intended to promote the safety of the campus community, improve the comfort of faculty/staff, prevent physical damage to university facilities and conserve energy at Grand Valley State University.

PROCEDURES**Space Heaters:**

The use of electric space heaters (or those fueled by other means) is discouraged in any GVSU facility. Electric space heaters pose a safety risk and fire hazard by overloading building electrical circuits. They are also a very inefficient means of providing heat and often result in the discomfort of occupants in nearby offices or work areas.

Individuals who believe their work area is too cold (or hot) may contact Facilities Services (Allendale Campus) at extension 1-3000, or Operations at extension 1-6700 (Pew Campus & Regional Centers). A work order may also be submitted online at webtma.plant.gvsu.edu to request that their space be evaluated for temperature adjustments.

Other Personal Appliances:

The following appliances are also prohibited from being used in offices or other non-designated common areas at GVSU:

- Air conditioners
- Grills
- Coffee makers
- Crock-Pots
- Toaster ovens
- Toasters
- Mini Refrigerators
- Other small kitchen appliances
- Microwaves
- Other appliances that do not meet the intent of this policy

Many of these appliances are available to faculty/staff in designated break kitchens and

lounge areas. If your department wishes to add an additional shared item to a break/lounge area, please contact the Operations Manager or Facilities Supervisor for your designated building to discuss its placement.

Exceptions:

Operations and Facilities Services will work to accommodate medical necessities, departmental events or other special conditions that may warrant an exception to this policy.

Responsibility:

Enforcement of this policy is the responsibility of departmental supervisors. Facilities Services and Operations staff will report unauthorized space heaters and other appliances discovered in the course of their work. The supervisor, chair, dean or director that is responsible for the area will be notified.

Public Safety

POLICY STATEMENT

Grand Valley State University seeks to promote campus safety and to provide its community with a secure environment. Security video camera systems are a critical component to a comprehensive emergency and security plan. A security camera is defined as video technology that records a specific area in order to detect, deter, prevent, or investigate crime or other threats to public safety. The University takes seriously its responsibility to protect personal privacy when it operates security camera systems. No security camera will be installed on University owned or controlled property in any location for which there is a reasonable expectation of privacy. These areas include but are not limited to restrooms, locker rooms and occupied student residential rooms.

This policy applies to stationary security cameras owned or controlled by the University and not to portable or temporary camera applications. All other stationary cameras that are not for official University use, portable or not, are prohibited.

This policy serves to regulate the installation and appropriate uses of security cameras, including the retention, viewing, release and destruction of recorded images, data or records produced by security camera use.

The existence of this policy does not imply or guarantee that security video cameras will be monitored in real time, continuously or otherwise, nor that any particular department is going to observe and respond to a crime in progress.

Video recordings with information about a specific student are considered law enforcement records unless the University uses the recording for disciplinary purposes or makes the recording part of the educational record. The Department of Public Safety, working in conjunction with the Information Technology Department has the authority to select, coordinate, operate, manage, and monitor all security camera systems pursuant to this policy.

PROCEDURES

Individual colleges, departments, programs, or organizations wishing to install security camera equipment for official University use on any of the University campuses are required to collaborate with Facilities Planning, Department of Public Safety and Information Technology prior to any installation. All equipment and installation must be approved and coordinated through the Department of Public Safety in order to meet the minimum technical specifications identified by the Department of Public Safety and Facilities Planning along with Information Technology for technical standards. All costs for purchase, installation, and maintenance of security cameras will be the responsibility of the appropriate project budget or the department/unit making the request. The University reserves the right to remove or disable cameras not compliant with this policy.

Security Camera System Operator

Security Camera System Operators are trained staff members who have access and been assigned responsibility by the Department of Public Safety. Prior to being permitted access to any security cameras, these individuals will be trained by the Department of Public Safety in the technical, legal, and ethical parameters of appropriate camera use. The Department of Public Safety will maintain an up-to-date list of authorized Security Camera System Operators having access to the system and any live or recorded images. Access to viewing, copying, duplicating and/or retransmission of live, recorded video or still images will be limited to Security Camera System Operators.

Security Camera System Operators are responsible to appropriately protect the privacy of personal information that may have been captured by cameras under their control.

Recordings

Images recorded by security camera systems are considered sensitive information that are to

be protected from unauthorized access for modifications, duplications or destruction. The stored images generated by University security cameras are to be kept in a central location and secured in a network location established by the Information Technology department.

Stored data may be released when it is related to any criminal investigation, civil suit, subpoena or court order, arrest, or to aid in a disciplinary proceeding against a student or personnel actions against an employee. Stored data needing to be retained as part of a civil or criminal investigation may be downloaded and retained by law enforcement personnel according to their individual department policies. Internal requests to release stored data are to be authorized by the Director of Public Safety or designee(s).

All recordings will be re-recorded over every 30 days unless there is a demonstrated business need, ongoing investigation, court order, or other bona fide use as approved by the Director of Public Safety or designee.

Monitoring

University security cameras are not monitored continuously under normal operating conditions but may be monitored for legitimate safety and security purposes that include, but are not limited to, the following: High risk areas, restricted access areas/locations, in response to an alarm, special events, and specific investigations authorized by the Director of Public Safety or designee(s).

Any person who tampers with or destroys video security equipment will be subject to criminal prosecution and/or campus disciplinary processes.

GVSU understands the importance of the film industry to the local economy and the benefit it can provide to our students interested in a career in film and film production. However, film production on campus is permitted only if it does not interfere with normal University business and/or previously scheduled events. A Location Permit is required to film on campus. The Location Permit can be approved only when all of the appropriate procedures and requirements have been met. Use of any location can only be approved with the consent of the impacted University units or buildings and consideration of the impact on surrounding areas and activities. Scheduled University events, regardless of size, take precedence over film shoots in determining location availability.

PROCEDURES

Requests for Permits

Requestors for a Location Permit must complete the appropriate [application](#). This [application](#) and complete script (if applicable) shall be submitted to [University Communications](#). Upon receipt, the completed application and script will be forwarded to a core committee that will include a representation of affected units or buildings for review and project approval.

Fees & Costs

Location fees and operational costs will be charged and are based on a number of variables. The length of the shoot, locations involved, and types of GVSU services needed are all considered in determining the total operational costs. In certain limited instances fees and costs may be waived for uses such as public service announcements. Other forms of media may be subject to this fee and will be handled on a case-by-case basis.

Alterations to Premises

Production companies may not make any alterations to the University Premises (either temporary or permanent), including trimming, cutting or removing natural features such as trees and shrubs, without the express written approval of the University. Production companies will leave the University Premises and all property of any kind located therein in as good order and condition as they were immediately prior to production. Production companies will be responsible for paying for any expenses to restore the University's Premises to its original condition.

Code of Conduct

While filming on our campus production companies and their employees are guests of the University and should treat this location and campus community with respect and courtesy. The production company, cast, crew and all others associated with the project are expected to comply fully with University Policies. They will be expected to adhere to the [Filmmaker's Code of Professional Responsibility](#), which is Attachment A to the Guidelines and Procedures for this policy.

University Identification and Appropriate Use of Campus Images

No identification of GVSU as a location is permitted, except in rare instances and only when the specific use is submitted for prior approval University Communications. The request will only be approved when it is deemed to be in the University's best interests.

Identification includes but is not limited to trademarks, icons, recognizable University landmarks, and the use of merchandise containing trademarked images/logos (i.e. flags, apparel, posters, miscellaneous items containing logo, etc.). Identification also includes verbal references on film.

Filming and Athletics

Under no circumstances is the production company to film or use any information images/names/biographical information pertaining to any current university intercollegiate athlete for any purpose. Appearing in a commercial production that identifies them as university intercollegiate athletes will jeopardize their NCAA eligibility.

Cancellation

If written notice of cancellation for an approved location permit is received before the production begins, then the production is liable for any actual costs incurred by the University as of the receipt of the cancellation notice. University shall have the right of cancellation if the Agreement holder is deemed insolvent or, in the University's sole opinion, shall fail to perform any material term in the Agreement after having received written notice from the University to do so.

Exceptions to Policy

Student projects are subject to School of Communication requirements and procedures and do not require a permit. Incidental filming that includes uses such as: filming for non-commercial or internal use, class projects, or personal use. This filming requires no special services and does not in any way disrupt the normal functioning of the University. This filming cannot be used for commercial purposes after the fact without written permission from Grand Valley State University.

POLICY STATEMENT

1 . Purpose

GVSU is committed to providing an educational and employment environment that is free from discrimination and harassment based on Protected Characteristics, and retaliation for engaging in protected activity.

GVSU values and upholds the equal dignity of all members of its community and strives to balance the rights of the Parties in the Resolution Process during what is often a difficult time for all involved.

To ensure compliance with federal, state, and local civil rights laws and regulations, and to affirm its commitment to promoting the goals of fairness and equity in all aspects of its

education programs and activities, GVSU has developed this Policy and related [procedures](#) that provide for prompt, fair, and impartial resolution of allegations of discrimination, harassment or misconduct based on Protected Characteristics.

2. Notice of Discrimination, Harassment, and Misconduct Based on Protected Characteristics

GVSU seeks to comply with all federal, state, and local laws, regulations, and ordinances prohibiting discrimination, harassment, and misconduct in public post-secondary education institutions.

GVSU does not discriminate against any employee, applicant for employment, student, or applicant for admission on the basis of actual or perceived Protected Characteristics.

This Policy covers alleged discrimination, harassment and misconduct in employment and in access to educational opportunities, and prohibits such misconduct. Therefore, any member of the GVSU community whose acts objectively deny, deprive, unreasonably interfere with or limit the education or employment, residential and/or social access, benefits, and/or opportunities of any member of GVSU's community, guest, or visitor on the basis of that person's actual or perceived Protected Characteristic(s), is in violation of this Policy.

Actual or perceived Protected Characteristics as referenced in this Policy include:

- Age
- Color
- Disability (physical or mental)
- Ethnicity
- Familial Status (including Parental Status)
- Gender expression
- Gender identity
- Height
- Marital status
- National origin (including Ancestry)

- Sexual orientation
- Veteran or active-duty military status (including disabled veteran; recently separated veteran; active-duty, wartime, or campaign badge veteran; and Armed Forces Service

Medal veteran)

GVSU recognizes that allegations under this Policy may include multiple forms of

discrimination, harassment or misconduct, as well as violations of other GVSU policies; may involve various combinations of students, employees, and other members of the GVSU community; and may require the simultaneous attention of multiple GVSU departments. Accordingly, all GVSU departments will share information, combine efforts, and otherwise collaborate, to the maximum extent permitted by law, and consistent with other applicable GVSU policies, to provide uniform, consistent, efficient, and effective responses to alleged discrimination, harassment, or misconduct.

5. Definitions (Appendix A)

Please see [Appendix A](#) for a list of definitions pertaining to the Policy and related procedures.

6. Mandatory Reporters

All GVSU faculty and employees (including student-employees), Resident Assistants, and Graduate Assistants, other than those deemed Confidential Employees, are Mandatory

Reporters and are expected to promptly report all known details of actual or suspected discrimination, harassment, or misconduct to appropriate officials immediately, although there are some Limited Exceptions as defined. Supportive Measures may be offered as the result of such disclosures without formal GVSU action.

Complainants may want to carefully consider whether they share personally identifiable details with Mandatory Reporters, as those details must be shared with the OCRTIX.

If a Complainant seeks formal action in response to their allegations, reporting to any Mandatory Reporter can connect them with resources to report alleged crimes and/or Policy violations. These employees will immediately pass Notice to the OCRTIX (and/or GVPD, if desired by the Complainant or required by law), who will then act in accordance with their procedures.

Failure of a Mandatory Reporter, as described above in this section, to report an incident of discrimination, harassment or misconduct of which they become aware is a violation of GVSU Policy and can be subject to disciplinary action for failure to comply or failure to report. This also includes situations when a violator is a Mandatory Reporter. Such individuals are obligated to report their own misconduct, and failure to do so is also a chargeable offense under this Policy.

A Mandatory Reporter who is themselves a target of discrimination, harassment, or other misconduct under this Policy is not required to report their own experience, though they are, of course, encouraged to do so.

If a student (or a student's parent or other legal representative) informs a GVSU employee of the student's pregnancy or related conditions, in the absence of an associated report of discrimination, harassment, or other misconduct, Mandatory Reporters need not inform OCRTIX. However, the employee must provide the reporting person with information as outlined in the [Pregnancy-Based Grievances and Complaints provision of this Policy.](#)

7. Confidential Reporting Options

The following sections describe GVSU's confidential reporting options for a Complainant (including parents or legal guardians when appropriate):

If a Complainant would like to confidentially access support and resources, the Complainant may speak with Confidential Employees. Confidential Employees are not required to notify the OCRTIX about prohibited conduct under this policy, but will provide information to the reporting individual regarding how to contact OCRTIX, how to make a Complaint, and how OCRTIX can help. There are three categories of Confidential Employees: A) Those with

confidentiality bestowed by law or professional ethics, such as lawyers, medical professionals, clergy, and mental health counselors; B) Those whom GVSU has specifically designated as Confidential Resources for purposes of providing support and resources to the Complainant; and C) Those conducting human subjects research as part of a study approved by GVSU's Institutional Review Board (IRB).

A. Confidential Employees by Law or Ethics

For those in category A), above, to be able to respect confidentiality, they must be in a confidential relationship with the person reporting, such that they are within the scope of their licensure, professional ethics, or confidential role at the time of receiving the Notice. These individuals will maintain confidentiality except in extreme cases of immediacy of threat or danger or abuse of a minor, elder, or individual with a disability, or when required to disclose by law or court order. These employees include the following:

- On-campus licensed professional counselors and staff
- On-campus health service providers and staff

B. Designated Confidential Resources

To enable Complainants to access support and resources without filing a Report or Complaint, if they so choose, GVSU has designated specific employees as Confidential Resources. Confidential Resources are not required to report actual or suspected discrimination, harassment, or misconduct in a way that identifies the Parties. They will, however, provide the Complainant with the OCRTIX's contact information and offer options and resources. Confidential Resources do not have any obligation to inform an outside agency or GVSU official of identifying information or the details of the allegations unless a Complainant has requested the information be shared. These employees include the following:

- On-campus Victim Advocates
- Employee Ombuds
- Student Ombuds

C. Confidential Employees Conducting Human Subjects Research

Those persons conducting IRB-approved human subjects research at GVSU who, during the course of the research, learn of allegations of discrimination, harassment or misconduct, are considered Confidential Employees while conducting the approved study. They are not required to notify the OCRTIX about prohibited conduct under this policy, but will provide information to the reporting

individual regarding how to contact OCRTIX, how to make a Complaint, and how OCRTIX can help.

In addition, Complainants may speak with individuals unaffiliated with GVSU without concern that this Policy will require them to disclose information to the institution without permission:

- Licensed professional counselors and other medical providers
- Local rape crisis counselors
- Domestic violence resources
- Local or state assistance agencies
- Clergy/Chaplains
- Attorneys

8. Methods of Notice

If a Complainant would like to report the details of an incident under this Policy, the Notice may be provided directly to the OCRTIX or to a Mandatory Reporter who will notify the OCRTIX through one of the following methods:

A. Making a Report

A Report provides Notice to GVSU of an allegation or concern about discrimination, harassment or misconduct, and provides an opportunity for the OCRTIX to provide information, resources, and Supportive Measures. Such a Report may be made verbally or in writing at any time (including during non-business hours) by using the telephone number, email address, or mailing address of the OCRTIX.

If a Complainant makes a Report but does not wish to file a Complaint, GVSU will maintain the privacy of information to the extent possible. Therefore, a Complainant should not withhold Notice for fear of a loss of confidentiality. By giving Notice, GVSU can discuss the incident and/or provide Supportive Measures as needed to those involved. For more information regarding [Confidential Reporting Options](#), refer to that provision of this policy.

B. Making a Complaint

A Complaint provides Notice to GVSU that the Complainant would like to initiate an investigation or other appropriate resolution procedures. Such a Complaint may be made verbally or through written filing, at any time (including during non-business hours) by using the telephone number, email address, or mailing address of the OCRTIX.

A Complainant may initially make a Report and may decide at a later time to make

a Complaint.

A Complainant does not have to be a member of the GVSU community to file a Complaint under the [Jurisdiction](#) of this Policy.

C. Online Submission

A Complainant may submit online Notice at <https://cm.maxient.com/reporting.php?GrandValley>.

Anonymous Notice is accepted. However, please note that in order to properly address or investigate the allegations, the notice may give rise to a need to try to determine the Parties' identities. Please also be aware that Anonymous Notice may limit GVSU's ability to investigate, respond, and provide remedies. It also may not be possible to provide Supportive Measures to Complainants who are the subject of Anonymous Notice.

Measures intended to protect the community or redress or mitigate harm may be enacted in response to an Anonymous Notice.

Reporting carries no obligation to initiate a Complaint, and in most situations, GVSU is able to respect a Complainant's request to not initiate a Resolution Process. However, there may be circumstances, such as pattern behavior, allegations of severe misconduct, or a serious threat to health and/or safety, where GVSU may need to initiate a Resolution Process.

9. Time Limits on Reporting

There is no time limitation on providing Reports or Complaints to the OCRTIX. However, if the Respondent is no longer subject to GVSU's jurisdiction and/or significant time has passed, the ability to investigate, respond, and/or provide remedies may be more limited or rendered impossible.

The OCRTIX will review all Reports or Complaints significantly impacted by the passage of time (including, but not limited to, impacts caused by the rescission or revision of Policy) for determination of whether to act upon it. The OCRTIX may document allegations for future reference, offer Supportive Measures, and/or engage in informal or formal action, as appropriate.

10. Prompt & Effective Response to Allegations

After receipt of Notice through Report or Complaint of prohibited conduct under this policy, GVSU will:

1. Treat the Complainant and Respondent equitably.

2. Offer and coordinate Supportive Measures, as appropriate, for the Complainant.
3. Offer and coordinate Supportive Measures as appropriate, for the Respondent, if GVSU initiates Formal Resolution (Grievance Procedures) or offers an Informal Resolution process to the Respondent.
4. Notify the Complainant, or if the Complainant is unknown, the individual who reported the conduct, of the Grievance Procedures and the Informal Resolution process, if available and appropriate.
5. If a Complaint is made, notify the Respondent of the Grievance Procedures and the Informal Resolution process, if available and appropriate.
6. In response to a Complaint, initiate GVSU's Grievance Procedures or Informal Resolution process, if available and appropriate.
7. In the absence of a Complaint, or in the case of withdrawal of any or all of the allegations in a Complaint, and/or in the absence or termination of an Informal Resolution process, make a fact-specific determination regarding whether the OCRTIX will initiate a Complaint itself.
8. If the OCRTIX initiates a Complaint itself, make reasonable efforts to notify the Complainant prior to doing so and appropriately address reasonable concerns about the Complainant's safety or the safety of others.
9. Regardless of whether a Complaint is initiated, take other appropriate prompt and effective steps in effort to ensure that conduct prohibited by this Policy does not continue or recur within GVSU's education program or activity, in addition to providing remedies to an individual Complainant.

For additional information regarding the Resolution Process under this Policy, please review the [Resolution Process for Alleged Violations of GVSU Policy Prohibiting Discrimination, Harassment and Misconduct.](#)

11. Disability-Based Grievances and Complaints

Allegations of discrimination, harassment or misconduct on the basis of an actual or perceived disability, including instances in which the provision of reasonable accommodations has allegedly had a discriminatory effect, will be resolved under this Policy and related procedures.

However, grievances or complaints related to one's disability status and/or type of accommodation provided, are addressed as outlined in GVSU's [ADA Accommodation Policy for Faculty, Staff and Students with Disabilities.](#)

12. Pregnancy-Based Grievances and Complaints

Allegations of discrimination, harassment or misconduct on the basis of an actual or perceived pregnancy, including instances in which the provision of reasonable accommodations has

allegedly had a discriminatory effect, will be resolved under this Policy and related procedures.

However, grievances or complaints related to one's pregnancy status and/or type of accommodation provided, are addressed as outlined in GVSU's [Pregnancy, Childbirth and Pregnancy Related Conditions Policy](#).

When a student (or a student's parent or other legal representative) informs a GVSU employee of the student's pregnancy or related conditions, in the absence of an associated report of discrimination, harassment, or other misconduct, Mandatory Reporters need not inform OCRTIX. However, the employee must provide the reporting person with the OCRTIX's contact information and inform that person that the OCRTIX can do the following in effort to prevent sex discrimination or hostile environment based on the student's Pregnancy or Related Conditions(1):

- Inform the student of their rights under this Policy;
- Provide reasonable accommodations, including private space and a reasonable break for lactation;
- Allow voluntary leave of absence, as medically necessary, and reinstatement upon return;
- Ensure individualized reasonable modifications are provided as needed (and as defined in the related Pregnancy Policy);
- Refrain from requesting supporting documentation when a) it has already been provided, 2) it relates to lactation needs, c) it is obvious, d) it constitutes a routine or simple modification, or e) other non-pregnancy related students receiving the accommodation obtain it without supporting documentation.

13. Scope

This Policy is not meant to inhibit or prohibit educational content or discussions inside or outside of the classroom that include germane, but controversial or sensitive, subject matters protected by academic freedom.

This Policy prohibits all forms of discrimination, harassment or misconduct on the basis of the identified Protected Characteristic(s), and may be applied to incidents, to patterns, and/or to the institutional culture or climate, all of which may be addressed in accordance with this Policy.

This Policy is only applicable to alleged incidents of discrimination, harassment or misconduct that occur on or after September 6, 2024. For alleged incidents occurring prior to September 6, 2024, the policy and procedures in place at the time of the alleged incident apply.

Applicable versions of those policies and procedures are available from the OCRTIX and online

at <https://www.gvsu.edu/titleix/policy-procedures-59.htm>.

This Policy applies to all faculty, employees, students, and other individuals participating in or attempting to participate in GVSU's program or activities, including education and employment.

14. Jurisdiction

This Policy applies to alleged discrimination, harassment or misconduct occurring in circumstances where GVSU has disciplinary authority at or during GVSU's education programs and activities (including locations, events, or circumstances in which GVSU exercises substantial control).

This Policy applies to alleged incidents occurring within any building owned or controlled by a GVSU-recognized student organization.

This Policy also applies to alleged off-campus misconduct if the effects of that conduct are to objectively limit or deny a person's access to GVSU's education program or activities.

GVSU may also extend jurisdiction to online conduct occurring on campus or off-campus when the conduct affects a substantial GVSU interest. For more information regarding online conduct, refer to the [Online Discrimination, harassment or misconduct provision](#) of this policy.

A substantial GVSU interest includes, but is not limited to, prohibiting the following related conduct:

1. Any action that constitutes a criminal offense as defined by law. This includes, but is not limited to, single or repeat violations of any local, state, or federal law.
2. Any situation in which it is determined GVSU that the Respondent poses an imminent and serious threat to the health or safety of any student, employee, or other individual.
3. Any situation that significantly and objectively impinges upon the rights, property, or achievements of others, significantly breaches the peace, and/or causes social disorder.
4. Any situation that substantially interferes with GVSU's educational interests or mission.
5. Any situation that is sufficiently serious that it objectively denies or limits a GVSU community member's ability to participate in or benefit from GVSU's programs or activities. Objectivity is based on a reasonably prudent person in like circumstances.

For disciplinary action to be issued under this Policy, the Respondent must be a GVSU faculty member, student, or employee at the time of the alleged incident. If the Respondent is unknown or is not a member of GVSU community, the OCRTIX will offer to assist the Complainant in identifying appropriate institutional and local resources and support options, and GVSU will implement appropriate Supportive Measures and/or remedial actions (e.g., trespassing a person from campus) where necessary. GVSU can also assist the Complainant in contacting local or institutional law enforcement if the individual would like to file a police

report about criminal conduct.

All vendor employees serving GVSU through third-party contracts are subject to these policies and procedures given their employer's agreement to be bound through the respective contracts.

When a party is participating in a dual enrollment/early college program, GVSU will coordinate with the party's home institution to determine jurisdiction and coordinate providing Supportive Measures and responding to the complaint under the appropriate policy and procedures based on the allegations and identities of the Parties.

When the Respondent is enrolled in or employed by another institution, the OCRTIX can assist the Complainant in contacting the appropriate individual at that institution, as it may be possible to initiate a process under that institution's policies.

Similarly, the OCRTIX may be able to assist and support, through remedial measures, a GVSU student or employee Complainant who experiences discrimination elsewhere (such as in an externship, study abroad program, or other environment external to GVSU where sexual harassment or nondiscrimination policies and procedures of the facilitating or host organization may give the Complainant recourse).

15. Supportive Measures

GVSU will offer and implement appropriate and reasonable Supportive Measures to the Parties upon Notice of alleged discrimination, harassment or misconduct. Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate and reasonably available. They are offered, without fee or charge to the Parties, to restore or preserve access to GVSU's education program or activity, including measures designed to protect the safety of all Parties and/or GVSU's educational environment and/or to deter discrimination, harassment, and misconduct.

The OCRTIX promptly offers to make Supportive Measures available to the Parties upon receiving Notice. At the time that Supportive Measures are offered, if a Complaint has not been filed, GVSU will inform the Complainant, in writing, that they may file a Complaint with GVSU either at that time or in the future. The OCRTIX will work with a party to ensure that their wishes are considered with respect to any planned and implemented Supportive Measures.

GVSU will maintain the confidentiality of the Supportive Measures, provided that confidentiality does not impair GVSU's ability to provide those Supportive Measures or investigate and resolve the allegations. GVSU will act to ensure as minimal an academic or occupational impact on the Parties as possible. GVSU will implement measures in a way that

does not unreasonably burden any party.

These Supportive Measures may include, but are not limited to:

- Referral to counseling, medical, and/or other healthcare services
- Referral to the Employee Assistance Program
- Referral to community-based service providers
- Education to the institutional community or community subgroup(s)
- Altering campus housing assignment(s)
- Altering work arrangements for employees or student-employees
- Safety planning
- Implementing contact restrictions (no contact orders) between the parties
- Academic support, extensions of deadlines, or other course/program-related adjustments
- Assistance with obtaining a PPO or Cease and Desist through referral to GVPD.
- Class schedule modifications, withdrawals, or leaves of absence
- Any other actions deemed appropriate by the OCRTIX to address the objective harm

Violations of no contact orders or other restrictions may be referred to appropriate student or employee conduct processes for enforcement or added as Collateral Misconduct allegations to an ongoing Complaint under this Policy.

The Parties are provided with a timely opportunity to seek modification or reversal of GVSU's decision to provide, deny, modify, or terminate Supportive Measures applicable to them. A request to do so should be made in writing to the OCRTIX. An impartial employee, other than the employee who implemented the Supportive Measures, who has authority to modify or reverse the decision, will determine whether the decision is sufficiently inconsistent with the definition of Supportive Measures to warrant modification or reversal. GVSU will also provide the Parties with the opportunity to seek additional modification or termination of Supportive Measures applicable to them if circumstances materially change. GVSU typically renders decisions on Supportive Measures within seven (7) business days of receiving a request and provides a written determination to the impacted party(ies) and the OCRTIX.

16. Online Discrimination, Harassment or Misconduct

GVSU policies are written and interpreted broadly to include online manifestations of any of the behaviors prohibited by this Policy, when those behaviors occur in or have an effect on GVSU's education program and activities, or when they involve the use of GVSU networks, technology, or equipment.

Although GVSU may not control websites, social media, and other venues through which the

alleged discriminatory or harassing communications are made, when such communications are reported to GVSU, it will seek to address and mitigate the effects. This effort may include use of the Resolution Process to address off-campus, online conduct that objectively interferes with a person's access to or participation in GVSU's education programs or activities.

17. Inclusion related to Gender Identity/Expression

GVSU strives to ensure that all individuals are safe, included, and respected in their education and employment environments, regardless of their actual or perceived Gender Identity or Expression, including intersex, nonbinary, transgender, agender, two-spirit, gender-expansive, and gender-diverse students and employees.

Discrimination, harassment or misconduct on the basis of Gender Identity or Expression is not tolerated by GVSU. If a member of the GVSU community believes they have been subjected to prohibited conduct under this Policy, they should follow the appropriate reporting process described herein.

In upholding the principles of equity and inclusion, GVSU supports the full acceptance of those who are gender expansive and seeks to eliminate any stigma related to gender identity and expression.

GVSU is committed to fostering a climate where all identities are valued, contributing to a more vibrant and diverse community. GVSU will administratively address issues that some students and employees may confront because of their actual or perceived Gender Identity or Expression as they navigate systems originally designed around the assumption that gender is binary. As our society's understanding of gender evolves, so must GVSU's processes and policies.

Concepts like misgendering and deadnaming may not be familiar to all but understanding them is essential to GVSU's goal of being as welcoming and inclusive a community as possible.

Misgendering or mispronouncing is the intentional or unintentional use of pronouns or identifiers that are different from those used by an individual. Unintentional misgendering or mispronouncing is usually resolved with a simple apology if someone clarifies their pronouns for you. Intentional misgendering or mispronouncing is inconsistent with the type of community we hold ourselves out to be and may constitute a Policy violation if the effect is objectively greater than de minimis harm (objectively significant enough to limit or deny a person access to or participation in GVSU's education programs or activities).

Deadnaming means using someone's birth-assigned (cisgender) name, rather than the name they have chosen following a change in gender identity.

Unintentional deadnaming can often be addressed by a simple apology and an effort to use

the person's chosen name. Intentional deadnaming could be a form of bullying, outing, or otherwise harassing an individual, and thus may constitute a Policy violation if the effect is objectively greater than *de minimis* harm (objectively significant enough to limit or deny a person equal access to or participation in GVSU's education programs or activities).

This Policy should be interpreted consistent with the goals of maximizing the inclusion of all gender identities for students and employees, including:

- Maintaining the privacy of all individuals consistent with law;
- Ensuring all students have equal access to educational programming and activities;
- Facilitating participation in programs and activities by providing all student access to facilities, including restrooms and locker rooms. For a list of gender-inclusive restrooms and locker rooms on campus see our [Facilities Services](#) page;
- Ensuring all employees have equal access to employment opportunities and work, service, or health-related facilities;
- Providing professional development for employees and education for students on topics related to gender inclusion;
- Encouraging all students and employees to respect the pronoun usage and identities of all members of the GVSU community.

18. Prohibited Conduct-Discrimination or Harassment Offenses

Students and employees are entitled to an educational and employment environment that is free of discrimination and harassment.

The sections below describe the specific forms of legally prohibited discrimination and harassment on the basis of actual or perceived Protected Characteristics, that are also prohibited under GVSU Policy.

When speech or conduct is constitutionally protected, it will not be considered a violation of GVSU Policy, though Supportive Measures will be offered to those impacted.

All offense definitions below encompass actual and/or attempted offenses.

Any of the following offenses can be charged as or combined as pattern offenses, in which case the Notice of Investigation and Allegation (NOIA) will clearly indicate that both individual incidents and a pattern of conduct are being investigated. A pattern may exist and be charged when there is a potential substantial similarity to incidents where the proof of one could make it more likely that the other(s) occurred, and vice-versa. Patterns may exist based on target selection, similarity of offense, or other factors. Where a pattern is found, it can be the basis to enhance sanctions, accordingly.

Violation of any other GVSU policies may constitute discrimination or harassment when

motivated by actual or perceived Protected Characteristic(s), and the result is a limitation or denial of employment or educational access, benefits, or opportunities.

A. Discrimination

Discrimination is different treatment with respect to a person's employment or participation in an education program or activity based, in whole or in part, upon the person's actual or perceived Protected Characteristic. Discrimination also includes a failure to provide reasonable accommodations as required by law or policy, such as for a person's disability, religion, or creed.

Discrimination can take two primary forms:

1. Disparate Treatment Discrimination:

Any intentional differential treatment of a person or persons that is based on a person's actual or perceived Protected Characteristic and that:

- - Excludes an individual from participation in;
 - Denies the individual benefits of; or
 - Otherwise adversely affects a term or condition of an individual's participation in a GVSU program or activity.

2. Disparate Impact Discrimination:

Disparate impact occurs when policies or practices that appear to be neutral unintentionally result in a disproportionate impact on a protected group or person that:

- - Excludes an individual from participation in;
 - Denies the individual benefits of; or
 - Otherwise adversely affects a term or condition of an individual's participation in a GVSU program or activity.

B. Discriminatory Harassment

Discriminatory Harassment includes all of the following:

- unwelcome conduct on the basis of actual or perceived Protected Characteristic(s), that
- based on the totality of the circumstances,
- is subjectively and objectively offensive, and
- is so severe or pervasive,
- that it objectively limits or denies a person's ability to participate in or benefit from GVSU's education programs or activities

C. Sex-based Harassment (Applicable under Title IX, Title VII, and the Fair Housing Act)

Sex-based Harassment is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex, (2) including sex stereotypes, sex characteristics, and Pregnancy or Related conditions; Forms of sex-based harassment may also include sexual assault, dating violence, domestic violence, and stalking as defined.

1. Quid Pro Quo Harassment:

- an employee agent, or other person authorized by GVSU
- to provide an aid, benefit, or service under GVSU's education program or activity,
- explicitly or impliedly conditions the provision of such aid, benefit, or service,
- on a person's participation in unwelcome sexual conduct.

2. Hostile Environment Harassment:

- unwelcome sex-based conduct, that
- based on the totality of the circumstances,
- is subjectively and objectively offensive, and
- is so severe or pervasive,
- that it objectively limits or denies a person's ability to participate in or benefit from GVSU's education program or activity

GVSU reserves the right to address sex-based conduct and/or harassment that (1) does not rise to the level of creating a hostile environment, or (2) that is of a generic nature and not based on a Protected Characteristic. Addressing such conduct will not result in the imposition of discipline under GVSU Policy, but may be addressed through respectful conversation, remedial actions for the affected persons, community education, and/or effective Informal Resolution mechanisms.

For assistance with Informal Resolution techniques under these circumstances, contact the Office of Civil Rights and Title IX.

Separate treatment on the basis of sex in the context of sex-separate living facilities and sex-separate athletic teams is not discrimination.

D. Gender-identity or Sexual Orientation-based Harassment

Gender Identity-based Harassment and Sexual Orientation-based Harassment are

forms of discrimination and include harassment on the basis of gender identity or sexual orientation,(3) including related stereotypes or characteristics.

1. Quid Pro Quo Harassment:

- an employee agent, or other person authorized by GVSU
- to provide an aid, benefit, or service under GVSU's education program or activity,
- explicitly or impliedly conditions the provision of such aid, benefit, or service,
- on a person's participation in unwelcome sexual conduct because of their actual or perceived gender identity or sexual orientation.

2. Hostile Environment Harassment:

- unwelcome gender identity or sexual orientation-based conduct, that
- based on the totality of the circumstances,
- is subjectively and objectively offensive, and
- is so severe or pervasive,
- that it objectively limits or denies a person's ability to participate in or benefit from GVSU's education program or activity

GVSU reserves the right to address offensive conduct and/or harassment on the basis of gender identity and sexual orientation that (1) does not rise to the level of creating a hostile environment, or (2) that is of a generic nature and not based on a Protected Characteristic. Addressing such conduct will not result in the imposition of discipline under GVSU Policy, but may be addressed through respectful conversation, remedial actions for the affected persons, community education, and/or effective Informal Resolution mechanisms.

For assistance with Informal Resolution techniques under these circumstances, contact the OCRTIX.

19. Prohibited Misconduct-Sexual Assault (4), Dating Violence & Domestic Violence

The following definitions describe prohibited conduct that constitutes sexual assault, which is a form of sex-based harassment:

A. Rape is defined as:

- Penetration, no matter how slight,

- of the vagina or anus of the Complainant,
- with any body part of the Respondent or by Respondent's use of an object, or
- oral penetration of the Complainant by a sex organ of Respondent,
- without the consent of the Complainant.

B. Fondling is defined as:

- The touching of the private body parts of the Complainant (buttocks, groin, breasts),
- by the Respondent for the purpose of sexual gratification,
- without the consent of the Complainant,
- including instances where the Complainant is incapable of giving consent because of their age or because of a temporary or permanent mental incapacity.

C. Incest is defined as:

- Sexual intercourse,
- between persons who are related to each other,
- within the degrees wherein marriage is prohibited by MI law.

D. Statutory Rape is defined as:

- Sexual intercourse,
- with a person who is under the statutory age of consent of 18.

The following definitions describe prohibited conduct that constitutes dating violence and domestic violence which are forms of sex-based harassment:

E. Dating Violence is defined as:

- violence,
- on the basis of sex, gender identity or sexual orientation,
- committed by a person,
- who is in or has been in a social relationship of a romantic or intimate nature with the Complainant.
 - The existence of such a relationship shall be determined based on the Complainant's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition—
 - Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
 - Dating violence does not include acts covered under the definition of

domestic violence.

F. Domestic Violence(5) is defined as:

- violence,
- on the basis of sex, gender identity or sexual orientation,
- committed by a current or former spouse or intimate partner of the Complainant,
- by a person with whom the Complainant shares a child in common, or
- by a person who is cohabitating with, or has cohabitated with, the Complainant as a spouse or intimate partner, or
- by a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of MI, or
- by any other person against an adult or youth Complainant who is protected from that person's acts under the domestic or family violence laws of MI.

20. Prohibited Misconduct-Stalking

The following definition describes prohibited conduct that constitutes stalking which is a form of sex-based harassment:

A. Stalking is defined as:

- engaging in a course of conduct,
- on the basis of sex, gender identity or sexual orientation
- directed at the Complainant, that
- would cause a reasonable person to fear for the person's safety, or
- the safety of others; or
- Suffer substantial emotional distress.

For the purpose of this definition-

- Course of conduct means two or more acts, including, but not limited to, acts in which the Respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
- Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant.
- Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

21. Prohibited Misconduct- Sexual Exploitation

The following definition describes prohibited sexual misconduct that constitutes sexual exploitation:

A. Sexual exploitation is defined as: (6)

- A person taking non-consensual or abusive sexual advantage of another, that does not constitute Sex-based Harassment as defined above,
- for their own benefit or for the benefit of anyone other than the person being exploited.

Examples of Sexual Exploitation include, but are not limited to:

1. Sexual voyeurism (such as observing or allowing others to observe a person undressing or using the bathroom or engaging in sexual acts, without the consent of the person being observed)
2. Invasion of sexual privacy (e.g., doxxing)
3. Knowingly making an unwelcome disclosure of (or threatening to disclose) a person's sexual orientation, gender identity, or gender expression
4. Taking pictures, video, or audio recording of another person in a sexual act, or in any other sexually related activity when there is a reasonable expectation of privacy during the activity, without the consent of all involved in the activity; or exceeding the boundaries of consent (such as allowing another person to hide in a closet and observe sexual activity, or disseminating sexual pictures without the photographed person's consent), including the making or posting of non-consensual pornography
5. Prostituting another person
6. Engaging in sexual activity with another person while knowingly infected with human immunodeficiency virus (HIV) or a sexually transmitted disease (STD) or infection (STI), without informing the other person of the virus, disease, or infection
7. Causing or attempting to cause the incapacitation of another person (through alcohol, drugs, or any other means) for the purpose of compromising that person's ability to give consent to sexual activity, or for the purpose of making that person vulnerable to non-consensual sexual activity
8. Misappropriation of another person's identity on apps, websites, or other venues designed for dating or sexual connections (e.g., spoofing)
9. Forcing a person to take an action against that person's will by threatening to show, post, or share information, video, audio, or an image that depicts the person's nudity or sexual activity
10. Knowingly soliciting a minor for sexual activity
11. Engaging in sex trafficking

12. Knowingly creating, possessing, or disseminating child sexual abuse images or recordings
13. Creating or disseminating synthetic media, including images, videos, or audio representations of individuals doing or saying sexually-related things that never happened, or placing identifiable real people in fictitious pornographic or nude situations without their consent (i.e., Deepfakes)

22. Prohibited Misconduct-Retaliation

The following definition describes prohibited conduct that constitutes retaliation:

A. Retaliation is defined as:

- Adverse action, including intimidation, threats, coercion or discrimination
- against any person,
- by GVSU, a student, employee, or a person authorized by GVSU to provide aid, benefit, or service under GVSU's education program or activity,
- for the purpose of interfering with any right or privilege secured by law or Policy, or
- because the person has engaged in protected activity, including reporting information, making a Complaint, testifying, assisting, or participating or refusing to participate in any manner in an investigation or Resolution Process under the GVSU Policy Prohibiting Discrimination, Harassment And Misconduct Procedures, including an Informal Resolution process, or in any other appropriate steps taken by GVSU to promptly and effectively end any discrimination or harassment in its education program or activity, prevent its recurrence, and remedy its effects.

The exercise of rights protected under the First Amendment does not constitute retaliation (7).

It is also not retaliation for GVSU to pursue Policy violations against those who make materially false statements in bad faith in the course of a resolution under the GVSU Policy Prohibiting Discrimination, Harassment and Misconduct. However, the determination of responsibility, by itself, is not sufficient to conclude that any party has made a materially false statement in bad faith.

Peer to Peer Retaliation is also prohibited.

23. Other Prohibited Misconduct

The following definitions describe other conduct prohibited under this Policy, if such conduct is on the basis of Protected Characteristics and does not otherwise meet a definition of prohibited misconduct under the Policy:

A. Bullying is defined as:

- repeated and/or severe aggressive behavior,

- that is objectively likely to intimidate or intentionally hurt, control, or physically or mentally diminish the Complainant, that is not speech or conduct that is otherwise protected by the First Amendment.

B. Endangerment is defined as:

- threatening or causing physical harm,
- extreme verbal, emotional, or psychological abuse, or
- other conduct which threatens or endangers the health or safety of any person or damages their property

C. Hazing is defined as:

- any act or action,
- which objectively does or is likely to endanger the mental or physical health or safety of any person
- as it relates to a person's initiation, admission into, or affiliation with any GVSU group or organization

For the purposes of this definition:

- It is not necessary that a person's initiation or continued membership be contingent upon participation in the activity, or that the activity was sanctioned or approved by the student group or student organization, for an allegation of hazing to be upheld.
- It shall not constitute an excuse or defense to a hazing allegation that the participants took part voluntarily, gave consent to the conduct, voluntarily assumed the risks or hardship of the activity, or that no injury was suffered or sustained.
- The actions of alumni, active, new, and/or prospective members of a student group or student organization may be considered hazing.
- Hazing is not confined to the student group or student organization with which the person subjected to the hazing is associated.

24. Unauthorized Disclosure: (8)

Distributing or otherwise publicizing materials created or produced during an investigation or Resolution Process is prohibited except as required by law or as expressly permitted by GVSU.

Publicly disclosing institutional work product (produced, compiled, or written by GVSU for purposes of its investigation and resolution of a Complaint) that contains personally identifiable information without authorization or consent is also prohibited.

Parties and Advisors are prohibited from disclosing information obtained by GVSU through the Resolution Process, to the extent that information is the work product of GVSU or contains personally identifiable information, without authorization.

Violation of this Policy provision may be subject to significant sanctions.

25. Failure to Comply or Process Interference

Intentional failure to comply with the following OCRTIX actions is a violation of this Policy:

- reasonable directives of OCRTIX in the performance of their official duties, including with the terms of a no contact order;
- emergency removal or interim suspension terms;
- sanctions;
- terms of an Informal Resolution Agreement;
- mandated reporting duties as defined in this Policy

Intentional interference with the Resolution Process is a violation of this Policy. Such interference can include but is not limited to:

- Destruction of or concealing of evidence;
- Actual or attempted solicitation of knowingly false testimony or providing false testimony or evidence;
- Intimidating or bribing a witness or party

26. Consent, Force, and Incapacitation

As used in this Policy, the following definitions and understandings of Consent, Force and Incapacitation apply:

1. Consent is defined as (9):

- knowing, and
- voluntary, and
- clear permission
- expressed by word or action
- prior to engaging in and during sexual activity.

Consent is active, not passive. Silence, or lack of resistance, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in sexual activity.

Consent to any one form of sexual activity cannot automatically imply consent to any other

forms of sexual activity. Consent may be withdrawn at any time as long as the withdrawal is reasonably and clearly communicated by word or action. If consent is withdrawn, that sexual activity should stop.

Previous relationships or prior consent cannot imply consent to future sexual acts. Consent cannot be given by an individual who one knows to be – or based on the circumstances should reasonably have known to be – incapacitated.

Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity.

An individual cannot consent who has been coerced, including being compelled by force, threat of force, or deception; who is unaware that the act is being committed; or who is coerced by a Supervisory or disciplinary authority.

Consent may not be given by a person who has not reached the legal age of consent under applicable law. Being impaired by alcohol or drugs will never function as a defense for any behavior that violates this Policy.

Proof of consent or non-consent is not a burden placed on either party involved in a Complaint. Instead, the burden remains on GVSU to determine whether its Policy has been violated. The existence of consent is based on the totality of the circumstances evaluated from the perspective of a reasonable person in the same or similar circumstances, including the context in which the alleged misconduct occurred and any similar and previous patterns that may be evidenced.

Going beyond the boundaries of consent is prohibited misconduct. Thus, unless a sexual partner has consented to slapping, hitting, hair pulling, strangulation, or other physical roughness during otherwise consensual sex, those acts may constitute dating violence or sexual assault. (10)

2. Force is defined as:

- the use of physical violence, and/or
- physical imposition
- to gain sexual access.

Sexual activity that is forced is, by definition, non-consensual, but non-consensual sexual activity is not necessarily forced. Force is conduct that, if sufficiently severe, can negate consent.

Force also includes threats, intimidation (implied threats), and coercion that is intended to

overcome resistance or produce consent (e.g., “Have sex with me or I’ll hit you,” which elicits the response, “Okay, don’t hit me. I’ll do what you want.”).

Coercion is unreasonable pressure for sexual activity. Coercive conduct, if sufficiently severe, can render a person’s consent ineffective, because it is not voluntary. When someone makes clear that they do not want to engage in sexual activity, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive. Coercion is evaluated based on the frequency, intensity, isolation, and duration of the pressure involved.

3. Incapacitation is defined as:

- a state where a person is incapable of giving consent.

An incapacitated person cannot make rational, reasonable decisions because they lack the capacity to give knowing/informed consent (e.g., to understand the “who, what, when, where, why, and how” of their sexual interaction).

A person cannot consent if they are unable to understand what is happening or are disoriented, helpless, asleep, or unconscious for any reason, including because of alcohol or other drug consumption.

This Policy also covers a person whose incapacity results from a temporary or permanent physical or mental health condition, involuntary physical restraint, and/or the consumption of incapacitating substances.

Incapacitation is determined through consideration of all relevant indicators of a person’s state and is not synonymous with intoxication, impairment, blackout, and/or being drunk.

If the Respondent neither knew nor should have known the Complainant to be physically or mentally incapacitated, the Respondent is not in violation of this Policy. “Should have known” is an objective, reasonable person standard that assumes that a reasonable person is both sober and exercising sound judgment.

27. Standard of Proof

GVSU uses the preponderance of the evidence standard of proof when determining whether a Policy violation occurred. This means that GVSU will decide whether it is more likely than not, based upon the available information at the time of the decision, that the Respondent is in violation of the Policy as alleged.

Absent the necessary proof, a Respondent is not considered in violation of the Policy and is presumed not to have violated the policy unless and until such proofs are made.

28. False Allegations and Evidence

Deliberately false and/or malicious accusations under this Policy are a serious offense and will be subject to appropriate disciplinary action. This does not include allegations that are made in good faith but are ultimately shown to be erroneous or do not result in a determination of a Policy violation.

Additionally, witnesses and Parties who knowingly provide false evidence, tamper with or destroy evidence, or deliberately mislead an official conducting an investigation or resolution process can be subject to discipline under appropriate GVSU policies.

29. Consensual Relationship Policy

GVSU recognizes there are inherent risks in any romantic or sexual relationships between persons in unequal positions, such as faculty member-student, Resident Assistant-supervisory student, or supervisor-employee. Any persons engaging in such relationships are subject to GVSU's [Consensual Relationship Policy, SLT 9.2](#).

This Policy (Policy Prohibiting Discrimination, Harassment and Misconduct) will also apply to allegations of prohibited conduct under this Policy within such consensual relationships. Where the alleged prohibited conduct is by an Employee, Informal Resolution will not be permitted.

30. Resolution Process Confidentiality & Privacy

GVSU makes every effort to preserve the privacy of those involved in a process under this Policy.

Except as permitted or required by law, and applicable regulations (e.g., FOIA, Title IX, Family Educational Rights and Privacy Act (FERPA) and its implementing regulations) (11)(12), or to fulfill the purposes of this Policy, GVSU will not share the identity of:

1. any individual who has made a Complaint under this Policy;
2. any Complainant;
3. any individual who has been reported to be the perpetrator of discrimination, harassment or misconduct;
4. any Respondent; or
5. any witness

Additional information regarding confidentiality and privacy can be found in [GVSU's Confidentiality, Data & Security Policy](#) and in the [Confidential Reporting Options](#) provision of this policy.

For additional information regarding unauthorized disclosure, please refer to the [Unauthorized](#)

[Disclosure provision](#) of this policy.

31. Interventions to Address Allegations of Discrimination, Harassment or Misconduct.

GVSU uses a number of interventions to address allegations of discrimination, harassment or misconduct, including offering Supportive Measures, initiating a Formal Resolution Process (Grievance Procedures), or engaging in an Informal Resolution Process. These efforts may include, but are not limited to, problem-solving, assistance, intervention, confrontation, investigation, and/or Policy enforcement.

When conflicts arise between the right of members of the community to be free from discrimination, harassment or misconduct, and those exercising their right to religious freedom or freedom of expression, GVSU will seek to balance rights and interests to find mutually agreeable outcomes or compromises. When that is not possible, GVSU will offer remedial solutions and/or enforce its Policies while also respecting the rights of all members of its community.

For questions regarding Expressive Activity on GVSU owned and controlled property, please refer to the relevant provisions of GVSU's [Grounds and Facility Use Policy](#).

32. Emergency Removal, Interim Actions, and Leaves of Absence

GVSU can act to remove a student Respondent accused of Discrimination, Harassment or Misconduct from its education program or activities, partially or entirely, on an emergency basis if an individualized safety and risk analysis has determined that an imminent and serious threat to the health or safety of any student or other individual justifies removal. This risk analysis is performed by GVSU using its standard risk assessment procedures. For additional information on emergency removal, interim actions and leave of absences, see the relevant Policy procedures.

Employees are subject to existing procedures for interim actions and leaves.

33. Federal Timely Warning Obligations

GVSU must issue timely warnings for reported incidents that pose a serious or continuing threat of bodily harm or danger to members of GVSU community pursuant to the Clery Act.

GVSU will ensure that a Complainant's name and other personal identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the potential danger.

34. Amnesty

In the interest of safety and compliance with all relevant laws and regulations, GVSU encourages the reporting of misconduct and crimes by Complainants, Respondents and witnesses. Sometimes, individuals are hesitant to give Notice to GVSU officials or participate in resolution processes because they fear that they themselves may be in violation of certain policies, such as underage drinking or use of illicit drugs at the time of the incident.

It is in the best interests of the GVSU community that Complainants choose to give notice of misconduct to GVSU officials, that witnesses come forward to share what they know, and that all Parties be forthcoming during the process.

To encourage reporting and participation in the process, GVSU offers students amnesty from such policy violations as underage alcohol consumption or the use of illicit drugs, when related to the alleged incident of prohibited conduct.

Student Amnesty

GVSU maintains an amnesty policy for students. For criteria regarding granting amnesty, please see [GVSU policy STU 10.0](#).

35. Preservation of Evidence

The preservation of evidence is critical to any potential criminal prosecution and to obtaining restraining (protective) orders, and it is particularly time sensitive. Therefore, OCRTIX will inform the Complainant of the importance of preserving evidence at the time of initial receipt of a Complaint.

36. Independence and Conflicts of Interest

The Coordinator manages the OCRTIX and acts with independence and authority, free from bias and conflicts of interest. The Coordinator oversees all resolutions under this Policy and these procedures. The members of the Resolution Pool are vetted and trained to ensure they are not biased for or against any party in a specific Complaint, or for or against Complainants and/or Respondents, generally.

To raise any concern involving bias, conflict of interest, misconduct, discrimination or harassment by the Coordinator, contact the Vice President for People, Culture, and Equity.

Concerns of bias, misconduct, discrimination, harassment or a potential conflict of interest by any other OCRTIX employee or Resolution Pool member should be raised with the Coordinator.

37. Revision of Policy

This Policy succeeds previous policies addressing discrimination, harassment, and/or misconduct, though previous policies and procedures remain in force for incidents occurring

before September 6, 2024.

The Coordinator reviews and updates these policies and procedures regularly. GVSU reserves the right to make changes to this document as necessary, and once those changes are posted online, they are in effect.

If government laws or regulations change or court decisions alter the requirements in a way that impacts this document, this document will be construed to comply with the most recent government laws, regulations, or court holdings.

This document does not create legally enforceable protections beyond the protections of the laws of the State of Michigan and federal laws that frame the provisions, generally.

This Policy is effective 09-06-2024.

FOOTNOTES

(1) The following are rights that are also applicable to employees of GVSU with Pregnancy or Related Conditions.

(2) Throughout this Policy, “on the basis of sex” or “sex-based conduct” means conduct that is sexual in nature, or that is directed to the Complainant because of his/her/their actual or perceived sex.

(3) Throughout this Policy, “on the basis of gender identity or sexual orientation” means conduct that is directed to the Complainant because of his/her/their actual or perceived gender identity or expression, including intersex, nonbinary, transgender, agender, two-spirit, gender-expansive, and gender-diverse students and employees and/or because of his/her/their actual or perceived sexual orientation, including members of the LGBTQ+ community.

(4) This would include having another person touch you sexually, forcibly, and/or without your consent.

(5) To categorize an incident as Domestic Violence under this Policy, the relationship between the Respondent and the Complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship.

(6) This offense is not classified under Title IX as “Sex-based harassment,” but it is included here in this Policy as a tool to address a wider range of behaviors.

(7) For additional information regarding Expressive Activity refer to GVSU's [Grounds and Facility Use Policy](#).

(8) Nothing in this section restricts the ability of the Parties to obtain and present evidence, including by speaking to witnesses (as long as it does not constitute retaliation under this Policy), consult with the Parties' own family members, confidential resources, or Advisors; or otherwise prepare for or participate in the Resolution Process.

(9) The definition of consent under Michigan law is applicable to criminal prosecutions for sex offenses. Such definition may differ from the definition used by GVSU to address Policy violations.

(10) Consent in relationships must also be considered in context. When Parties consent to BDSM (bondage, discipline, sadism, masochism) or other forms of kink, non-consent may be shown by the use of a safe word. Resistance, force, violence, or even saying "no" if part of the kink would be consensual.

RELIGIOUS INCLUSION POLICY

Inclusion and Equity/Office of Affirmative Action

POLICY STATEMENT

Possessing and mastering a range of thoughtful perspectives is necessary for open inquiry, a liberal education, and a healthy community. Recognizing this, the University seeks to include, engage, and support a diverse group of students, faculty, and staff. The institution values a multiplicity of opinions and backgrounds, and is dedicated to incorporating multiple voices and experiences into every aspect of its operations. We are committed to building institutional

capacity and strengthening our liberal education through providing an inclusive environment for all of our University constituents.

Purpose

Many University students, staff, and faculty observe religious traditions from a variety of religions. This Religious Inclusion Policy ("Policy") acknowledges the right of students, staff, and faculty to engage in religious observances. The University is committed to accommodate the exercise of that right.

The University acknowledges that conflicts in scheduling mandatory academic requirements and employment obligations with religious observances are inevitable. Although the University does not observe religious holidays, it recognizes that there are a number of religious holidays that affect significant numbers of our students, staff, and faculty. This Policy is intended to provide clarity to students, staff, and faculty who seek accommodation to practice their faith.

PROCEDURES

Accommodations

Grand Valley State University will make a reasonable effort to allow its students, staff, or faculty to be away from work or a class to observe their religious beliefs, except where accommodating the request would result in undue hardship on the University in its mission, operation or in meeting its academic standards. The University provides quiet areas for student, staff, and faculty reflection, meditation, and prayer. A list of these quiet areas may be found on the Inclusion and Equity webpage.

Faculty should be sensitive to the observance of religious holidays so that students who miss classes to practice their faith are not disadvantaged. A list of religious holidays is found on the Inclusion and Equity website. Please note that this list is meant to be inclusive of most major religious traditions (although certainly not comprehensive), and that religious holidays have no official status at the University.

Faculty should make every effort to avoid scheduling examinations or assigning work that is due on religious holidays. Some religious holidays begin at sundown on the evening before the published date of the holiday. Consequently, faculty should avoid scheduling late afternoon exams on these days.

Faculty shall not penalize any student who has properly notified the faculty member by complying with the Request Accommodation Procedure for his/her absence in classes, examination, or assignments. Faculty should accept a student's claim of a scheduling conflict on religious grounds at face value. If class attendance is required by the faculty member, classes missed to observe a religious holiday may not be counted as an absence.

Faculty must provide a reasonable opportunity for such a student to make up missed assignments and examinations within a reasonable time period before or after the student's absence, provided the student has properly notified the faculty member by submitting a Request Accommodation Form. Faculty must give the student the opportunity to do appropriate make-up work that is no more difficult or time-consuming than the original exam or assignment.

Nothing in this Policy, however, exempts a student from meeting course requirements or completing assignments. The faculty member may respond appropriately if the student fails to satisfactorily complete the make-up assignment or examination.

Further, when scheduling university events and activities, such as Family Weekend, Commencement, Convocation, and University sponsored conferences, planners should consult the list of religious holidays on the Inclusion and Equity website before selecting the date and time to ensure inclusiveness.

Religious Accommodation Procedure

All requests for accommodation for religious observance should be made in the following manner:

Students: Faculty should inform students of all examination dates and assignment deadlines at the start of each semester in the class syllabus. If a conflict with a religious observance exists, students must request a religious accommodation from their faculty within the first two weeks of each semester or as soon as reasonably possible after the instructor announces a particular mandatory class, examination, or assignment so that alternative arrangements can be made for any class, examinations, or assignments missed. If an accommodation is needed within the first two weeks of the semester, the student must provide the faculty member with reasonable advance notice of the need for accommodation. Requests for accommodation must be made through a Religious Accommodation Form, which may be found at the Dean of Students Office, the Office of Affirmative Action or under "Forms" at www.gvsu.edu/inclusion. It is the student's responsibility to provide faculty with reasonable notice of the need for accommodation and the timing of the notice may be taken into account in determining whether granting the request would create an undue hardship.

The faculty member and the student should discuss and agree upon what would constitute a reasonable accommodation in each given case. If the student and faculty member agree upon an accommodation, the accommodation must be carried out and disclosed on the Religious Accommodation Form. The completed Religious Accommodation Form shall be filed by the faculty member in the Dean of Students Office.

If the student and faculty member cannot agree on an accommodation, either party may bring the matter to the Unit Head to determine the accommodation. Either party may appeal the Unit Head's decision to the Dean, who will make a final binding decision.

Where a student has obligations to a placement site (e.g. internships), that student must also work out arrangements with the placement site to make up for missed responsibilities or duties.

Staff: The use of vacation and personal leave is governed by the staff member's respective Board of Trustees' Policies, Staff Handbook, or Collective Bargaining Agreement. Vacation days requested for the express purpose of religious observance will not be unreasonably denied by the staff member's supervisor if the staff member has accrued vacation leave or is eligible for personal leave and the granting of leave or vacation time will not result in undue hardship for GVSU.

Faculty: The use of vacation and personal leave is governed by the Faculty Handbook. Requests by a faculty member for leave for religious accommodation, however, shall be considered under this Policy if the faculty member has made arrangements for any missed classes and the granting of the leave will not result in undue hardship for GVSU. Faculty that miss class time due to a religious observance must make alternate arrangements for that time with his or her Unit Head. If the Unit Head denies the request, the faculty member may appeal to the Dean, who will have final decision authority over the request.

Nothing in this Policy exempts a GVSU faculty or staff member from fulfilling their job responsibilities.

Confidentiality

Although discretion will be exercised, a guarantee of confidentiality or anonymity cannot be made because the determination of a reasonable religious accommodation will involve discussions with other parties. Information about the request for religious accommodation will be revealed only as the deliberation process requires. Discretion will be observed to the extent permitted by law and that is consistent with protecting the welfare of the students, staff, and faculty and the interests of the University.

Retaliation

Any attempt to retaliate against an individual who files a religious accommodation request or otherwise utilizes this Policy is prohibited.

WEB ACCESSIBILITY POLICY

Equity, Planning, and Compliance Unit

POLICY STATEMENT

Grand Valley State University is committed to the fundamental academic principles of equity and accessibility by providing all students and staff with equitable access to the University's programs, services, events and staff development activities. The aim of this policy is to support an inclusive academic environment by incorporating design concepts that reduce or remove barriers to our websites or to provide equally effective alternative access.

This policy establishes minimum standards for the accessibility of web-based information and services considered necessary to meet the University's goals and ensure compliance with applicable law. The University has assigned web accessibility responsibilities to its Americans with Disabilities Act Coordinator and Web Manager, or their designees.

This policy applies to all official web pages and associated web-based services developed by or for a college, school, department, program, or unit of the University.

The University will ensure that new online content and functionality developed, procured, or used will be fully accessible to individuals with disabilities. This action will include any staff training that may be necessary to ensure full implementation.

All new web pages published by any University college, school, department, program, or unit on or after the effective date of this policy must conform to [WCAG 2.0 Level AA Technologies Accessibility Standards](#) and this policy.

For existing online content, the University has: developed a strategy for identifying inaccessible content and functionality for individuals with disabilities; developed a notice to person with disabilities regarding how to request that the University provide access to online information or functionality; prominently posted this notice on its home page and throughout its website; and developed a process to ensure that, upon request, inaccessible content and functionality will be made accessible in an expedient manner.

Each website must contain a link to report accessibility issues, or to request an accessible version, should users have trouble accessing content within the site. This would usually be the site administrator or content author.

PROCEDURES

Training

Accessibility training will be provided and required of all faculty, staff and other authorized representatives prior to being given access to manage any online content through the Content Management System (CMS) or through remote access to a web server (FTP, SFTP, SSH, etc.).

This training will help content administrators produce accessible content, and assess and correct content that may be inaccessible. All content administrators will be required to attend Accessibility Training on an annual basis as long as they manage online content.

Enforcement

If necessary, at the discretion of the Web Accessibility Coordinators or their designees, some or all non-compliant portions of the web pages and resources may be taken offline, or brought into compliance by designated staff or contractors.

Purchasing of Outside Content

All web-based content and systems, whether developed internally or obtained from third-parties that the University chooses to make available, is expected to conform to accessibility standards set forth in this policy. Accessibility of these technologies should be verified by University staff with demonstrated ability in accessibility evaluation. This verification process should be accomplished through hands-on evaluation of the product, prior to purchase.

When evaluating third-party products, it is advisable to choose the most accessible product in the space. However, not always will there be accessible choices, or the most accessible choice may not align with other dominant selection criteria. In cases where a product with limited accessibility has been purchased, interim, equivalent accommodations documented in an approved ADA exception should be in place until the service can be made accessible.

Contact Information

Any concerns with the accessibility of online content should be directed to the Americans with Disabilities Act Coordinator, 4035 James H. Zumberge Hall, 616-331-3296 and/or Web Manager, 2090 James H. Zumberge Hall, 616-331-2525 or their designees who serve as the

University's Web Accessibility Coordinators. You may also utilize the Section 504 and Title II grievance procedures found at <http://www.gvsu.edu/accessibility>.

MINORS ON CAMPUS POLICY

POLICY

"Grand Valley is committed to strengthening our living, learning, and working environment by recognizing and removing the barriers to full participation and providing a safe, inclusive, vibrant community for all." -- *Inclusiveness* core value section of [the University's Strategic Plan](#).

Grand Valley State University is committed to being a safe and healthy environment for all. This includes students, faculty, staff, and campus visitors, especially those who are minors. As a public university open to everyone, the University welcomes children and teenagers on our campuses for a variety of programs and activities planned by the University or by outside organizations. In all situations, adults are expected to be positive role models for minors, acting in a respectful and responsible manner consistent with the mission and values of the University. To promote this vision, the University publishes and enforces policies, procedures, and guidelines that have the goal of promoting health, safety, and security for [minors on our campuses](#).

"Minors" are persons under the age of eighteen (18), and the term "Minor," "Minors," "Child," and "Children" are used interchangeably in this policy. Further definitions may be found below. This policy addresses the following situations:

- A Minor will be physically present and participating in a University-sponsored program or activity, either taking place on University property or under the authority and/or direction of the University at other locations (this includes academic and sports camps);

- A Minor child will be physically present and participating in a program or activity at the University that is sponsored by a third party (this includes programs for K-12 students sponsored by a school system);
- A Minor is enrolled in one or more courses on campus, either as a matriculated student, a guest student from another institution of higher education, or a dual-enrolled student; or,
- Other events where Minors are physically present at the University, such as situations when parents/legal guardians are expected to accompany and provide supervision to Minors in their care (this includes Admissions activities and events and performances open to the public).

POLICY STATEMENT

I. Requirements of Programs that Involve Minors

Programs are typically workshops, sports camps, academic camps, conferences, and similar activities. Some activities that are exempt from Section I can be found in Sections III-V.

A Sponsoring Unit offering or approving a [Program](#) that involves Minors or provides University housing for Minors participating in a Program, whether utilizing University housing or not, shall abide by the following:

1. Waiver or release forms: participation, medical treatment, use of photographs and other media: All Minors participating in a University Program must provide a waiver or release form for participation in the program, medical treatment authorization, and use of photographs and other media by the University. This can be one form or several, and all forms must be signed by a [Parent, Legal Guardian, or Foster Parent](#) prior to their participation in a Program.
2. Behavior of Minors on Campus. Minors are to be held to the same standards of behavior expected of enrolled students, as described in [University policies](#).
3. Information maintained by Programs. All Programs shall maintain an up-to-date list of all Program times and dates, locations, attendance information (names, ages and emergency contacts for Program Participants); list of all Authorized Adults, documentation of their training (item #5 below) and background check (item #6 below) for the Program; and a Program contact, so that in the event of an emergency, appropriate measures may be taken. All Programs must establish a procedure for the notification of a Program Participant's Parent/Legal Guardian/Foster Parent in the case of an emergency, which might include medical or behavioral issues involving the Minor, or changes in the Program due to unforeseen and significant disruptions. Parents/Legal Guardians/Foster Parents must also be given contact information in a manner in which

the Program Participant can be contacted while the Program is in session. All information, including release forms, shall be retained by the Sponsoring Unit for five years after the Program ends.

4. Supervision of Minors. All Programs must provide adequate supervision of Minors while they are on Campus. One-on-One Contact with Minors is discouraged, unless in public spaces. In general, it is required that two or more Authorized Adult will be involved in activities where Minors are present. Parents/Legal Guardians/Foster Parents may sign a waiver giving consent for their Child to be alone with an Authorized Adult. (For example, if music lessons are being provided by an adult instructor.) Exceptions in rare circumstances may also be granted (see below).
5. Training of Authorized Adults. Each [Authorized Adult](#), who is not the Minor's Parent, Legal Guardian, Foster Parent or an adult designated by the Parent or Legal Guardian, who will be participating with Minors in a Program, shall complete training in the conduct and reporting requirements of this policy. This training is given to maximize the protection of Minors from abuse of any kind. The appropriate vice president, dean, unit head, or area director may enhance and/or supplement the required training Program to meet specific needs of the particular Program involved. Documentation that the Authorized Adults have been trained should be maintained by a designated and identified member of the Program's Sponsoring Unit for five years.
6. Background checks of Authorized Adults. All Authorized Adults in the Program must complete and submit the Authorization for Release of Information for Background Check form to Human Resources. Background checks must be completed every five years. (See also [PC 10.7 Volunteers Policy](#), for Authorized Adults who are not University employees.)
7. Procedures for release of Minors. All Programs must establish a procedure for the pick-up and drop-off of Program Participants, specifying times and locations. The Authorized Adult(s) overseeing the pick-up and drop-off of Program Participants shall remain at the specified location until all Minors have been released. If a minor is not picked up, the Authorized Adult(s) will contact the parent or guardian, the program director and finally, Grand Valley Department of Public Safety if needed.

In rare circumstances, strict adherence to this policy's requirements may not always be feasible or be the best practice for managing risk. If a Program can justify an exception in consultation with and with approval from Human Resources, or, when appropriate, obtain written consent by the Parent/Legal Guardian/Foster Parent for the parameters applicable to the Program, certain requirements under this policy may be waived. Such waivers will be considered on a case-by-case basis.

II. Conduct Requirements of Authorized Adults

All Authorized Adults, participating in Programs and activities covered by this policy, should be positive role models and act in a caring, honest, respectful, and responsible manner. They are required to comply with all applicable laws and University policy. In addition, at all times, they shall:

1. In general, avoid One-on-One Contact with Minors, unless in public spaces. Two or more Authorized Adults must be involved in Programs where Minors are present unless a waiver has been signed or an exception has been granted.
2. Have separate accommodations from the Minors. An Authorized Adult should not have One-on-One Contact by entering a Minor's room, bathroom facility, or similar area without another Authorized Adult in attendance.
3. Not take photographs or digital images of Minors other than specified in the waiver for photography (see Section I.1).
4. Not engage in private communication not pertaining to Program matters with a Minor by email, telephone, text message, social media, or any other method at any time, except when there is a clear educational purpose and the communication is consistent with the mission of the University.
5. Not meet with Minors outside of established times for Program activities. Any exceptions require written Parent/Legal Guardian/Foster Parent authorization and must include more than one Authorized Adult from the Program.
6. In the presence of a Minor or during any University Program, not engage in any sexual activity or romantic conversations, or sexually explicit comments.
7. Not possess, have within reach and/or share sexually-oriented printed or computerized or portable materials (magazines, cards, videos, films, clothing, smartphones, etc.) in any form available to Minors participating in Programs or activities covered by this policy or assist them in any way in gaining access to such materials. The one exception would be legitimate sexual education Programs in which the Minor's Parent/Legal Guardian/Foster Parent have given prior written consent.
8. Not engage in abusive conduct of any kind toward, or in the presence of, a Minor. For example, no Authorized Adult shall strike, hit, administer corporal punishment or touch in an abusive or illegal manner any Minor. If necessary, touching should only be in the open, in response to the Minor's immediate physical needs, for a purpose that is consistent with the Program's mission and culture, or for a clear educational, development, safety, or health-related purpose (i.e., treatment of an injury).
9. Not possess fireworks, firearms, knives, or other weapons, unless being used for an officially sanctioned and approved instructional Program. (See also the Weapons policy [[PC 6.271](#)].)
10. Not transport Minors, except as specifically authorized in writing by the Minor's

Parent/Legal Guardian/Foster Parent, or in the case of an emergency.

11. Not engage in the use of alcohol or illegal drugs, or be under the influence of alcohol or illegal drugs, during such Programs or activities. (See also the Alcohol and Other Drugs policy [[PC 5.1](#)].)
12. Respect and adhere to any resistance from the Minor unless it is a life- threatening emergency.
13. Not continue to participate in Programs or activities if an allegation of prohibited or illegal conduct has been made against an Authorized Adult covered by this Policy until such allegation has been satisfactorily resolved and future participation in Programs is permitted by the University.
14. Not engage in any activity that violates the policies of the University (www.gvsu.edu/policies). This includes the harassment policies [[PC 9.1](#)], the Sexual Misconduct policy [[PC 9.1](#)], and the Religious Inclusion policy [[PC 9.6](#)].

Those who do not meet the prescribed standards of behavior may be asked to leave the Campus and/or Program and may be subject to expulsion from the Program, suspension of attendance, being issued a “no-trespass” order by Public Safety, or disciplinary action up to and including termination of employment. (See also Section VII of this policy.)

The behavioral requirements in this policy are not meant to preclude enrolled University students from developing appropriate friendships with Minors who are close in age to the enrolled student; rather, the requirements are meant to protect Minors from abusive or illegal contact and inappropriate relationships.

III. Third Party Programs Held on University Property

Third Parties using University facilities for events that involve Minors shall operate within all policies and requirements to use University facilities. In addition, adults who interact with Minors in these activities shall conform to the conduct requirements in Section II of this policy.

IV. Minors Enrolled in Courses

Minors who are matriculated students of the University, guest students from other institutions, or dual-enrolled students are subject to all [university policies](#). Adults who interact with Minor students (e.g. faculty teaching courses, academic advisors) are also subject to all [university policies](#) and shall conform to the conduct requirements in Section II of this policy. The requirements of Section I of this policy do not apply.

V. Minors at the University Who Are Not Participating in a Program

1. Minors brought to Campus by an employee, student, or visitor, and who are not participating in a Program by a Sponsoring Unit, are the sole responsibility of the

employee, student, or visitor. The person bringing the child to Campus is responsible for all aspects of the Minor's behavior including the Minor's safety and is financially responsible for any damages caused by the Minor.

2. Minors are permitted at events and venues open to the public. However, the University reserves the right to determine, in its sole discretion, whether selected events or venues are appropriate for unescorted or unsupervised Minors.
3. In the event a Minor is on Campus and 1) is unsupervised by an adult, 2) they are not a Participant in a University Program, and 3) they are not a Participant in a Third Party Program (Section III), they may be required to leave the Campus.

Activities for which this Section V of the policy is relevant include:

- Events or performances on Campus that are open to the general public (e.g., athletic competitions, plays, concerts);
- Pre-enrollment visits such as admission, recruiting, and orientation events;
- Services provided by the Campus Health Center or other similar On-Campus clinical services during which a Minor is under the supervision of a Parent/Guardian/Foster Parent or a clinical provider;
- Non-residential field trips to Campus supervised by a Minor's school or organization;
- Private, personal events (e.g., birthday parties, weddings) for which the user has a separate, signed agreement with the University to use space on Campus.

The following activities are exempt from this policy: Off-campus clinical, practicum, internships, student teaching, or similar experiences in which (1) University students (undergraduate or graduate) interact with Minors as part of the experience and (2) are supervised by a third party. This also includes Off-Campus events in which registered student organizations participate with third-party organizations.

VI. Reporting Requirements

Reporting requirements of suspected child abuse or other illegal conduct towards a Minor shall be in accordance with applicable federal, state and local laws. In particular, see:

- [State of Michigan Department of Health and Human Services rules on reporting abuse and neglect](#). (This page includes indicators of child abuse and/or neglect and the State of Michigan's definition of "Mandatory Reporters".)

Individuals who witness or suspect child abuse should not conduct an investigation or delay in notifying the appropriate authorities **via 911**. Such actions could taint any appropriate criminal or administrative investigation and render evidence inadmissible.

In addition, the University's Police Department/Public Safety site provides up-to-date

definitions of unlawful behavior:

<https://www.gvsu.edu/gvpd/title-ix-and-campus-security-authority-report-141.htm>

VII. Additional Considerations

1. When an Authorized Adult or other person has been alleged to engage in inappropriate conduct with a Minor, that individual must discontinue any further participation in Programs covered by this policy until such allegation has been satisfactorily resolved and the individual has been given written permission by the University to participate again in Programs. Resolution of the allegation will involve appropriate investigatory steps, and any written permission to continue participation (or participate in the future) in a Program covered by this policy must be coordinated with Human Resources.
2. Any person that requires accommodations due to a disability, while visiting campus must inform the Sponsoring Unit of their needs.

VIII. Interaction with Other Standards, Practices, and Requirements

Nothing in this policy is meant to supersede or replace the standards of practice of other entities in responding to child abuse, suspected incidents of child abuse or threats of child abuse. Satisfying the requirements of this policy does not relieve a person from any obligation to follow the protocols of another entity that may apply to the particular incident. Individual University units maintain the discretion to impose safety measures beyond those required by this policy on University Programs they sponsor or oversee. Additionally, all state and federal requirements must be followed.

PROCEDURES

Human Resources may develop forms and [guidelines](#) to assist Programs that wish to work with Minors on Campus. In addition, Human Resources will conduct random audits annually to ensure compliance with this policy.

DEFINITIONS:

Definitions

1. "Authorized Adult" is an individual, age 18 and older, paid or unpaid, who supervises, chaperones, or otherwise works with Minors in Program activities, or recreational, and/or residential facilities. This includes but is not limited to faculty, employees, student employees, staff, [volunteers](#), graduate and undergraduate students, interns, teachers, employees provided by temporary agencies, third-party hosts, and independent contractors/consultants. The role of Authorized Adult may include positions such as

counselors, chaperones, coaches, instructors, and other similarly situated persons. Temporary guest speakers, presenters and other individuals who have no direct contact or only incidental contact with Program Participants, other than as short-term activities supervised by Program staff, are not considered Authorized Adults but are still expected to conform to the conduct requirements in Section II of this policy.

2. “Campus” includes all domestic real property owned or leased by the University and can include any of its campuses.

3. “Parent” is the natural Parent or adoptive Parent as recognized under the law, of a Minor child whose parental rights and responsibilities have not been terminated under applicable law. “Legal Guardian” is any person appointed under applicable law to have the care and management of the person, the estate, or both of a Minor. “Foster Parent” is a person appointed by the court to temporarily provide the care and management of the minor child.

4. “One-on-One Contact” is personal, unsupervised interaction between any Authorized Adult and a single Program Participant Minor without at least one other Authorized Adult, Parent or Legal Guardian being present. Unless in public spaces, such contact is to be avoided by all adults on Campus, whether considered an Authorized Adult under this policy or not.

5. “Program” or “Programs” are programs and activities offered by various academic or administrative units of the University, whether on University property or not, that potentially will include Minors as Program Participants. This includes but is not limited to workshops, sports camps, academic camps, conferences, and similar activities.

6. “Program Participants” are Minors who are involved in University-sponsored Programs both on and off Campus.

7. “Sponsoring Unit” is the academic or administrative unit of the University that offers a Program or gives approval for housing or other use of facilities.

POLICY STATEMENT

Section 1 of the Michigan Freedom of Information Act ("FOIA" or "the statute") provides, "It is the public policy of this state that all persons, except those persons incarcerated in state or local correctional facilities, are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and public employees, consistent with this act. The people shall be informed so that they may fully participate in the democratic process."(1) To that end, all people, excluding prisoners, are allowed to file FOIA requests with a Grand Valley State University (the "University"). A requester must simply file a request in writing with the University's FOIA Coordinator, and the University will begin processing his or her request.(2) Each request must include the requesting person's complete name, address (in compliance with United States Postal Service addressing standards), and either a telephone number or email address.

The University, in its initial response, will do one of the following within the timeframe permitted by the statute: grant the request, partially grant the request, deny the request, inform the requester that additional time is needed, require a fee deposit prior to further processing, or inform the requester that the requested record has not been sufficiently described.

If a request is denied or partially denied, the University will explain why the documents have not been released and inform the requester of his or her challenge and appeal options.

A fee deposit will be required when processing a request that will require significant University employee time and resources. The University will notify the requester of the estimated cost and provide a non-binding, best efforts estimate of the time it will take to complete the processing of the request. It is possible that after further processing of the request, the University will determine that the cost of processing the request is significantly less or greater than the estimated cost. If that is the case, the University will notify the requester to allow the requester to determine whether and how they want to proceed with the request.

After the University receives a required deposit, it will make every effort to provide the requested documents within the time estimate provided. Requesters must understand, however, that at any given time, the University is processing multiple requests and cannot devote all of its time to one particular request.

A requester who feels wrongly denied of responsive documents may appeal to the Head of the Public Body, which for the purposes of these Procedures and Guidelines is the General Counsel, or file a civil action. If a requester believes that the University has required a fee that exceeds the amount permitted under the Procedures and Guidelines, they may file a civil action. Requesters are also always free to contact the FOIA Coordinator at 616-331-2067 or foia@gvsu.edu with any questions about the processing of their requests. Detailed Procedures and Guidelines follow.

PROCEDURES

1. How to submit a FOIA request to the University

- a. A FOIA request must be submitted in writing to the FOIA Coordinator in the Office of General Counsel. The request may be transmitted in hard copy, by email, or by facsimile.
- b. The University's FOIA Coordinator address 4068 James H. Zumberge Hall, Grand Valley State University, Allendale, MI 49401. The email address is foia@gvsu.edu. The fax number is (616) 331-3950.
- c. A request should describe the record(s) sought sufficiently to enable the University to

find the record(s) and should provide the requester's contact information.

d. Requests should state that they are submitted pursuant to the Michigan Freedom of Information Act.

e. Requests received electronically are deemed received the next business day. A business day is defined as Monday through Friday, exclusive of holidays and institutional closure days.

f. If a request is delivered to the FOIA Coordinator's junk mail folder, the request will be deemed received one business day after the FOIA Coordinator becomes aware of the request. The FOIA Coordinator will check the junk mail folder at least once per week.

2. Responses to FOIA requests to the University

a. The University will respond to a FOIA request within five (5) business days of the FOIA Coordinator receiving the request.

b. A response will consist of one or more of the following:

i. A granting of the request

ii. A partial granting of the request, and a partial denial because some or a portion of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure

iii. A complete denial of the request because all of the records do not exist, are not in the possession of the University, and/or are exempt from disclosure

iv. A notice that more time is needed to process the request

1. If more time is needed, the University will send out a follow up response within 10 business days of the initial response.

v. A notice that a fee deposit is required prior to further processing

1. If a fee deposit is required, the University will include in its response a non-binding, best efforts estimate regarding the time it will take to provide the records to the requester.

vi. A notice that the record(s) sought has (have) not been sufficiently described to enable the University to locate the record(s).

c. The response will state the FOIA exemptions under which any information and/or documents are withheld, if applicable.

d. If any part of a request for records is denied for any reason, the response will set forth

the procedures for appealing the denial.

3. Deposit Requirements

- a. A fee deposit will be required when the processing of a request will result in fees equal to or greater than \$50.00.
- b. The required deposit will equal up to 50% of the estimated cost of fulfilling the request as calculated at the time of the initial response.
- c. If the University requires a deposit, it will not process the FOIA request further until the deposit is paid.
- d. If a deposit is not received by the FOIA Coordinator within 45 days of the initial notice, the request will be considered withdrawn. Notice of a deposit requirement is considered received three days after it is sent, regardless of the means of transmission.
- e. If, after receipt of the deposit and further processing of the request, the University learns that the processing costs will be significantly different from the estimated costs, the University will so notify the requester. Where the actual effort to search for, review and separate exempt material significantly exceeds the original estimate, the University will notify the requester. The requester may choose to receive a revised fee deposit notice, or limit his/her original request to those records, which may be processed within the time stated in the original fee estimate.
- f. A person who makes a FOIA request for which a deposit is required may withdraw that FOIA request without charge instead of paying the required deposit. Failure to pay the deposit will be deemed a withdrawal of the FOIA request.
- g. The University will treat multiple concurrent FOIA requests on the same topic(s) and/or regarding the same record keeper(s) and from the same person as one FOIA request for purposes of determining whether the fee is below \$50.00.
- h. Where a requester who has not paid the final fee for the processing of an earlier request files a new FOIA request, the University may require a deposit of all (100%) of the estimated fees for processing the subsequent request prior to processing the subsequent request.

4. Calculation and Payment of Fees

- a. Fees are calculated by adding together the following costs:
 - i. The labor costs for searching for, locating, and examining responsive records
 - ii. The labor costs for review, separation, and deletion of exempt information from

non-exempt information

iii. The cost of non-paper physical media, if used

iv. The cost per copy of paper copies, not to exceed \$.05/page for standard 8 ½ x 11 inch paper v. The labor costs directly associated with duplication or publication, which may include copying to non-paper media

vi. The cost of mailing

b. Final fees for responding to a FOIA request will be billed when the University responds to the FOIA request. A detailed FOIA fee itemization form will be provided by the University with the response. The amount invoiced must be paid within ninety (90) days. The University reserves the right to require payment in full of all fees incurred in processing a FOIA request before delivering the final, responsive documents.

c. The University's decision to deny access to public records sought by a FOIA request because those records are, in whole or in part, exempt from disclosure does not excuse the person who files that FOIA request from payment of fees for the work undertaken by the University in response to that request.

d. The University may waive or reduce the fees it is authorized to charge if it determines that a waiver or reduction of the fee is in the public interest because responding to the FOIA request can be considered as primarily benefiting the general public.

e. Fee reductions or waivers are required in certain instances involving proven indigence or non-profit organizations. The University will apply these reductions or waivers in accordance with the statute.

5. Procedures for Challenge and Appeal

a. If the University denies a request in whole or in part, the requester may:

i. Submit an appeal to the Head of the Public Body, which for the purpose of these Procedures and Guidelines is the Vice President and General Counsel, in writing, via the FOIA Coordinator, using the contact information listed in Item 1, above. The appeal must specifically use the word "appeal" and identify the reason(s) the requester seeks reversal of the denial. The Head of the Public Body must respond to the appeal within ten (10) business days by doing one of the following:

1. Reversing the FOIA Coordinator's decision

2. Upholding the FOIA Coordinator's decision

3. Reversing in part and upholding in part the FOIA Coordinator's decision

4. Issuing a notice of extension for not more than ten (10) additional business days.

ii. Commence a civil action in the Court of Claims within one hundred eighty (180) days after the University's final determination to deny a request.

POLICY STATEMENT

Pursuant to Article VIII of the Michigan Constitution of 1963, Grand Valley State University (“the University”) has the responsibility to serve as a public institution of higher education. To carry out this Constitutional mandate, the University owns and/or controls property and facilities. The University has established the following grounds and facility use policy to ensure the University’s educational mission is actualized, while allowing for the exchange of ideas, protecting University property, prohibiting a [hostile environment](#), and ensuring that the University’s operations are not materially or substantially disrupted.

This policy applies to all buildings, grounds, and other spaces owned or controlled by the University.

University property is primarily dedicated to academic, student life and administrative functions. To prevent these University functions from being interrupted, GVSU must regulate use of certain facilities and locations. These facilities and locations are sometimes referred to as forum. ([Forum Identification Chart](#)) These are venues for Expressive Activity, including speeches, demonstrations, and the distribution of literature, as provided by this policy. Different forums have different uses, which are explained here, and in the linked definitions in Appendix A.

The inside and immediate outside (within 50ft) of buildings dedicated to research, academics, health, and/or operations/administration, as well as parking areas (which are designed for the flow of traffic), are [nonpublic forums](#), where viewpoint neutral restrictions apply. However, many areas of campus represent a [public forum or limited public forum](#) that the University has specifically designated for Expressive Activities. The Mt. Vernon Pedestrian Mall on GVSU’s Pew Campus, the Cook Carillon Tower and Transformational Link on GVSU’s Allendale campus, and the perimeter sidewalks of both campuses as well as on the Health Campus are [open public forums](#). For students, registered student organizations, faculty and staff, the remaining areas on campus (those not designated as nonpublic or public forums) are limited public forums.

Expressive Activity comprised of [unprotected speech](#) may be prohibited.

As to all other speech, the University shall not consider the viewpoint of the Expressive Activity or the possible reaction to the viewpoint of that Expressive Activity in applying this policy. However, the University may restrict or compel speech where it has a [compelling interest](#). In the event the Expressive Activity creates a hostile environment for other members of the GVSU community, violates or hinders the rights of others within the campus community, results in a concern for public safety, or materially and substantially disrupts the University's operations, the University (including representatives from the Department of Public Safety) shall take all necessary steps to resume normal campus activities and restore the campus climate, while still allowing protected Expressive Activity to continue.

For purposes of this policy, the term "Expressive Activity" includes the following activities, if the main purpose of the activity is the expression or exchange of ideas:

1. Meetings and other group activities;
2. Speeches, performances, demonstrations, rallies, vigils, and other events;
3. Distribution of literature, such as leaflets and pamphlets;
4. Wearing, carrying, or otherwise publicly displaying words, images or symbols; and
5. Any other expression protected by the First Amendment to the U.S. Constitution.

Although the University does not prevent, discourage, or punish protected speech, the University's allowance of protected Expressive Activity must not be construed as an adoption or endorsement of the viewpoints expressed. The University does not assume any obligation or responsibility for the content of the materials distributed or displayed.

GENERAL RULES REGARDING FACILITY USE

University facilities are intended for use by University faculty, staff, students, student organizations, guests of the University, and participants in authorized on-campus activities. 19. Individuals and/or groups engaging in Expressive Activity agree to pay for any damage they cause to University property.

Office of General Counsel

POLICY STATEMENT

Political activity of faculty and staff members at Grand Valley State University as addressed in the Grand Valley State University Board of Trustees' Policies [BOT 4.1.6.3](#), in pertinent part, states: "The University affirms the rights of its faculty and staff members as citizens to be active in political affairs which do not conflict with the professional standards and ethics in employment."

Further, the Board of Trustees address the subject of Academic Freedom of faculty in the Grand Valley State University Board of Trustees' Policies [BOT 4.2.2](#) specifically sections 2 & 3:

2. Faculty members are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter, which has no relation to their subject. (The words faculty member as used in this document are understood to include the investigator who is attached to an academic institution without teaching duties.)

3. University or university faculty members are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and as educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times act in a professional and responsible manner, and should make every effort to indicate that they are not institutional spokespersons.

In addition to University policy, state law, specifically the Michigan Campaign Finance Act, regulates political activities of public bodies, such as state universities, and its employees.

For questions about federal grants, contact the [Office of Sponsored Programs](#) for more information.
2. University departments or programs may sponsor presentations and discussion groups about an upcoming election provided that the purpose is to provide factual information

on a political subject or issue if the communication does not support or oppose a ballot question or candidate by name or clear inference.

3. Classroom discussions of candidates and ballot questions must be related to course content as described in the catalog and course syllabus. A reminder to students to register to vote and to vote is permissible.
4. Faculty and staff members may express their support or opposition to candidates or ballot questions by wearing buttons.
5. Faculty and staff members, as private citizens, may elect to lend their names to support one or more candidates for office or in support of or opposition to a ballot question. However, care must be exercised to assure that the faculty or staff member does not use their University title in relation to such advocacy.
6. Faculty and staff members shall not use University resources for political activity to support or oppose candidates for office or ballot questions. "University resources" includes, but is not limited to:

- a. University funds or money administered through a University budget;

POLICY STATEMENT

Grand Valley State University provides its faculty, staff and students with electronic mail intended for University-related purposes including direct and indirect support of the University's instructions, research, and service missions; of University administrative functions; of student and campus life activities, and of the free exchange of ideas among members of the University community and between the University community and the wider local, national, and world communities.

The rights of academic freedom and freedom of expression apply to the use of University electronic mail. Electronic mail sent or received using University facilities is, however, University business and cannot be guaranteed total privacy. The University does not routinely inspect, monitor, or disclose electronic mail without the holder's consent. Nonetheless, subject to the requirements for authorization, notification, and other conditions specified in this Policy, the University may deny access to its electronic mail services and may in exceptional

circumstances inspect, monitor, or disclose electronic mail.

PROCEDURES

Applicability

This Policy applies to:

- All electronic mail systems and services provided or owned by the University
- All users, holders, and uses of University e-mail services
- All University e-mail records in the possession of University faculty, staff or students or other e-mail users of electronic mail services provided by the University

This Policy applies only to electronic mail in its electronic form. The Policy does not apply to printed copies of electronic mail.

This Policy applies equally to transactional information (such as e-mail headers, summaries, and addresses) associated with e-mail records as it does to the contents of those records.

All users of University electronic mail are subject to:

- Comply with all federal, Michigan, and other applicable laws and regulations; all generally applicable University rules and policies; and all applicable contracts and licenses. Examples of such laws, rules, policies, contracts, and licenses include the laws of libel, privacy, copyright, trademark, obscenity, and child pornography; the [Electronic Communications Privacy Act](#) and the [Computer Fraud and Abuse Act](#), which prohibit unauthorized use or entry into another's account; the University's [Student Code](#); the University's Anti-Harassment policy; and all applicable software licenses.
- Users who engage in electronic communications with persons in other states or countries or on other systems or networks should be aware that they may also be subject to the laws of those other states and countries and the rules and policies of those other systems and networks. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses.
- Act within the normal standards of professional and personal courtesy and conduct. Access to University electronic mail services, when provided, is a privilege that may be wholly or partially restricted by the University without prior notice and without the consent of the e-mail users when required by and consistent with violations of University policies, regulations and law.
- Use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does

not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by the University.

- Respect the finite capacity of the resources and limit use so as not to consume an unreasonable amount of those resources or to interfere unreasonably with the activity of other users. Although there is no set bandwidth limit or CPU time, uses of University electronic mail may be required to limit resources in accordance with this principle.
- Inspection, monitoring or disclosure of University e-mail records will be at the e-mail holders consent wherever possible. However, if consent cannot be obtained either voluntarily or involuntarily, the request shall be brought before University Counsel.

Specific Provisions

A. Users

Users of University electronic mail services are to be limited primarily to University students, faculty, staff, retirees, and others authorized by the University. Upon normal termination of employment, employees may retain access to the e-mail account for 30 days. Employees terminated by the University will have the e-mail account terminated immediately. Retired employees may request access to the e-mail account as part of the benefit package. Students retain access to an e-mail account as long as they are registered for courses or completed graduation. GVSU retains the right to remove email services at any time.

B. Account Usage

GVSU has the right to restrict the amount of storage space available on the network. If an individual wishes to backup and store e-mail for extended purposes, it is the individual's responsibility to do so.

Users are granted access to services only for so long as they abide by the Computing Conditions of Use policy. No person shall gain use of the University's computer system without proper authorization. Any attempt by a user to gain access to another person's network account, private network drive, or restricted areas on the GVSU computer system is prohibited.

University e-mail services shall not be used to send unsolicited commercial emails and such use may result in your account being disabled.

University e-mail services shall not be used for purposes that could reasonably be expected to cause, directly or indirectly, excessive strain on any computing resources (bandwidth issues), or unwarranted or unsolicited interference with others use of e-mail or e-mail systems. Such uses include, but are not limited to, the use of e-mail services to: (1) send or forward e-mail chain letters; (2) "spam," that is, to exploit listservs or similar broadcast systems for purposes

beyond their intended scope to amplify the widespread distribution of unsolicited e-mail; and (3) "letterbomb," that is, to resend the same e-mail repeatedly to one or more recipients to interfere with the recipient's use of e-mail.

C. Representation

Electronic mail users shall not give the impression that they are representing, giving opinions, or otherwise making statements on behalf of the University or any unit of the University unless appropriately authorized (explicitly or implicitly) to do so. Where appropriate, an explicit disclaimer shall be included unless it is clear from the context that the author is not representing the University. An appropriate disclaimer is: "These statements are my own, not those of the Grand Valley State University."

Policy Violations

Violations of University policies governing the use of University electronic mail services may result in restriction of access to University information technology resources. In addition, disciplinary action, up to and including dismissal, may be applicable under other University policies, guidelines, implementing procedures, or collective bargaining agreements.

Violations will normally be handled through the University disciplinary procedures applicable to the relevant user. The University may temporarily suspend or block access to an account, prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability. The University may also refer suspected violations of applicable law to appropriate law enforcement agencies.

Refer to Appendix A. for detail on additional policies and guidelines.

Security and Privacy

The University owns all electronic mail address assigned by the University. The University employs various measures to protect the security of its computing resources and of their users' accounts. Users should be aware, however, that the University couldn't guarantee such security. Users should therefore engage in "safe computing" practices by establishing appropriate access restrictions for their accounts, guarding their passwords, and changing them regularly. Security and privacy of e-mail sent or received outside of GVSU is subject to standards of other organizations and may be more or less restrictive and provide more or less privacy protection.

Users should also be aware that their uses of University computing resources are not completely private. While the University does not routinely monitor individual usage of its computing resources, the normal operation and maintenance of the University's computing

resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

The University reserves the right to monitor e-mail records, without notice, when

- a. The user has voluntarily made them accessible to the public
- b. It reasonably appears necessary to do so to protect the integrity, security, or functionality of University or other computing resources or to protect the University from liability
- c. There is reasonable cause to believe that the user has violated, or is violating, this Policy
- d. An account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns
- e. It is otherwise required or permitted by law

Any such individual monitoring, other than that specified in "a" above, required by law, or necessary to respond to perceived emergency and/or time-sensitive situations, must be authorized in advance by University Counsel and an Executive Officer.

The University, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate University personnel or law enforcement agencies and may use those results in appropriate University disciplinary proceedings.

Normal examination of e-mail headers by the e-mail administrator is standard procedure to resolve problems and redirect incorrect addressed e-mail.

Posting and Authority to Change

Because University policies are subject to change, this list may change from time to time. The authoritative list at any time will be posted under the listings of University policies posted on the World Wide Web. Authority to change this list rests with the Vice Provost of Academic Services and Information Technology acting, where policies affecting faculty are concerned, with the advice of the Academic Senate, where policies affecting students are concerned, with the advice of the Dean of Students, where policies concerning legal matters, with the advice of University Counsel.

APPENDIX A - REFERENCES

The following list identifies additional policies and procedures, which support this Policy: These and other laws both provide privacy protection for e-mail and require the disclosure of e-mail under some circumstances.

POLICY STATEMENT

When a device or account connected to the GVSU campus network is compromised by a virus or malicious software, the network is at great risk of harm due to potential damage of university data or disclosure of sensitive information. To preserve the health of the network and the devices connected to it, the infected device must IMMEDIATELY be disconnected and removed or the account blocked from the campus network until Information Technology personnel verify it is no longer compromised. Despite the disruption this may cause to the individual user, the user is required to produce any infected device to Information Technology immediately upon request in order to prevent information disclosure, data file destruction, or exploitation of the compromised account.

Information Technology personnel shall provide their identification and authorization to the device user that authorizes them to remove the afflicted device prior to its removal. For additional verification, you may call the IT Service Desk at 331-2101 and ask for a Level 2 staff member to verify the authorization to pick up a computer. To minimize interruption, Information Technology will take reasonable steps to provide a substitute device for use on the campus network while the user awaits repair of the original device. To report that a device might be infected, contact Information Technology immediately at 331-2101.

- Upon review from the Vice Provost and Dean of Academic Services and/or the Director of Information Technology, the complaint is further acted upon or discarded.

- Level II - Contact/Action for First Offenders

- The individual who has abused the technology privileges is contacted by phone by a designated IT staff member under the direction of the Vice Provost and Dean of Academic Services and/or the Director of Information Technology
 - If the individual cannot be reached, an attempt to reach them via the secretary, Chair or Dean is pursued until the individual is contacted.
- The individual is apprised of their abuse and asked to refrain from continuing the infringement. If email related, the individual will be required to retract the offending message.
- The individual will be sent a notification from IT via email of the abuse infraction and asked to return the email with their understanding and intent to comply via the policy.
- The email notification/compliance will be kept on file.

- Level III - Contact/Action for Second Offenders

- The individual account will be suspended immediately (disable ability to send/receive messages).
- The individual who has abused the technology privileges is contacted by phone by a designated IT staff member under the direction of the Vice Provost and Dean of Academic Services and/or the Director of Information Technology
 - If the individual cannot be reached, an attempt to reach them via the secretary, Chair or Dean is pursued until the individual is contacted.
- The individual Dean or manager is contacted concerning the repeated abuse.
- The individual is apprised of their abuse and asked to refrain from continuing the infringement.
- The individual account will be re-activated upon contact and compliance of the

policy.

 - The individual's Dean or manager will be sent a notification via email of the abuse infraction and asked to return the email with their understanding that the individual will lose account privileges completely upon the third offense.
 - The email notification/compliance will be kept on file from both the individual and the Dean or manager.
-
- Level IV - Contact/Action for Third Offenders
 - The individual account privileges will be suspended immediately, which consist of email and network privileges.
 - The individual who has abused the technology privileges is contacted by phone by a designated IT staff member under the direction of the Vice Provost and Dean of Academic Services and/or the Director of Information Technology
 - If the individual cannot be reached, an attempt to reach them via the secretary, Chair or Dean is pursued until the individual is contacted. The individual Dean or manager is contacted concerning the repeated abuse.
 - The HRO office is contacted concerning the repeated abuse.
 - The individual is apprised of their abuse and told that their privileges have been revoked.
 - The individual Dean or manager must contact the Vice Provost and Dean of Academic Services or the Director of Information Technology to discuss possible reinstatement of privileges.
 - Upon further review with the Provost (for faculty issues) and the HRO office (for staff issues), the determination to re-instate the technology privileges will be determined.
 - The decision will be kept on file.
-
- Overriding Issues
 - If at any time, the technology resources that have been abused are in jeopardy of causing mass problems for GVSU constituents or the network/files have been compromised, the Vice Provost and Dean of Academic Services or the Director of Information Technology may choose to immediately suspend the individual account to ensure the integrity and continuation of services for the rest of the constituents.

- Upon a decision of this nature, the situation will be brought to the Provost, HRO, appropriate Dean or manager as quickly as possible to remedy the issue at hand.

SOFTWARE SUPPORT POLICY

SLT 11.12

Date of Last Update:

April 19, 2015

Approved By:

- Senior Leadership Team

Responsible Office:

Information Technology

POLICY STATEMENT

Information Technology is responsible for providing software support to the campus community. IT resources are finite. Therefore, reasonable limits must be identified regarding the number and variety of software products supported by IT. This policy is intended to define those limits.

PROCEDURES

The software industry is characterized by constant change. Therefore, it is unreasonable to establish a single, static list of supported software. It is equally unreasonable to force the campus community to change software on a frequent basis.

Information Technology will provide support for the most recent operating systems for Windows and Macintosh platforms as well as one version back.

Standard software applications issued with a university computer will be supported in the most recent version and one version back unless compatibility issues arise.

Institutional ownership of a site license does not imply IT support for all products covered by the license. Software provided in labs and classrooms outside of the standard applications listed above are not supported by Information Technology. Software assistance is required through the vendor providing the application.
